## DIRECTORS REPORT

To,  
The Shareholders  
MJSJ Coal Ltd.

Gentlemen,

I have great pleasure in welcoming to the 10<sup>th</sup> Annual General Meeting of MJSJ Coal Limited. On behalf of the board of Directors, I am presenting you the Annual Report of your company together with the Audited Accounts (Ind AS Financial Statements) for the year ending of March'2018 along with the report of statutory auditors and the comments of the Controller and Auditor General of India.

Your company has carried out all the activities as per schedule till the cancellation of UTKAL-A coal block by Supreme Court of India on 24.9.2014

### **I:-Status of project implementation:-**

**PROJECT REPORT:** Capacity 15 Mty-approved by MCL Board in February' 2008 in both Coal and Ob outsourcing variant. Sanctioned capital is Rs. 395.87 Crs. However the Utkal –A block which is part of combined block of Gopalprasad OCP to be worked by MJSJ Coal Ltd is cancelled by Honorable Supreme Court vide its order dt: 24/09/2014.

- **APPROVED MINNG PLAN:** Approval in the name of MJSJ Coal Limited has been received on 23/04/09.
- **FOREST LAND DIVERSION PROPOSAL (FLDP):** The job is outsourced to M/s. Geo Consultant Pvt. Limited.

a) Forest Area demarcation and tree enumeration is completed.

b) Compensatory Afforestation: Site identification & demarcation is completed.

Site Inspection by DFO, Angul is completed.

c) Further as per Forest Right Act, Gram Sabha in all ten villages have been completed. SDLC was held on 27<sup>th</sup> April & NOC has been issued by Collector Angul.

d) As per new guideline of MOEF, New Delhi, the digitization of the forest land is mandatory. The digitized map is to be authenticated by the ORSAC, BBSR. The DGPS Survey which is mandatory for obtaining forest clearance has been completed and the DGPS plans of the forest area have been approved by ORSAC & DFO Angul.

### **II:-Environmental Management Plan :-**

a) **Finalization of Terms of Reference (TOR) by MOEF, Delhi on DEC' 2008:** Draft EMP-EIA submitted to SPCB, Orissa on 17-08-2009. Application along with fee of Rs. 3Lacs was deposited to SPCB on 17.08.2009 for consent to establish mine. Final EMP submitted to MOEF. Presentation before EAC of MOEF was made on 29.03.2011 for EC based on TOR.

Further presentation before EAC of MOEF was made on 09.01.2013 for EC based on TOR. In its meeting held at New Delhi on 09/01/2013 the EAC has recommended for grant of EC on 05/11/2013. As the forest clearance stage-I could not be obtained till date, the recommendation of EAC for grant of EC stands invalid as more than one year has elapsed since then.

- b) Wildlife Conservation:** The report has been approved by the DFO and the report has been forwarded to the RCCF, Angul. The wild life management plan has been approved by PCCF,(WL), Govt. of Odisha.
- c) Socio-Economic study:** The final report of socio-economic study has been submitted to the Collectorate, Angul. The same has been approved by RPDAC of MCL .

### **III:-LAND ACQUISITION :**

**A) West Gopal Prasad West:** The land has been acquired under CBA (A&D) Act'1957 in the name of MCL.

4(1) - 30.06.2003  
7(1) - 15.10.2004  
9(1) - 20.01.2007  
11(1) - 25.09.2007

**B) Utkal "A":** The land acquisition is at its final phase as:

4(1) - 26.03.2011  
7(1) - 11.04.2012  
9(1) - 01.02.2013  
11(1) - Application submitted to MOC on 13.02.2013.

The Land is vested to MJSJ on 29.10.2013

**C) Land Acquisition for other infrastructure**:- Land measuring an area of 50.351 Ha to be acquired under LAAct for other infrastructure was approved in 17<sup>th</sup> Board Meeting of MJSJ. After approval of MOC, the same has been forwarded to Collector, Angul by MOC for further action on 12.03.2012. As desired by the Special LAO, MCL, Angul, all the requisites have been submitted. The proposal has been returned by LAO, Angul with a direction to submit a fresh proposal as per new land Acquisition Act'2013.

**D) TENANCY LAND**:-This portion of Land has been acquired under CBA Act. and structure measurement completed in village Bhalugadia & Bhaghuabol. The villagers Kankarai & Pirakhaman were not allowing for structure measurement till decision of their employment is finalized. Several meetings have taken place among MCL, Dist. Administration and the PAPs. Earlier, the PAPs were demanding job from MCL only, but after numerous meetings they opined that in case of early closure of the mine , the residual land outsees who would still be in the service , be given employment in the MCL mines.

The matter was put up in the 24<sup>th</sup> meeting of Board of Directors of MJSJ Coal Limited, and the Board deliberated on the subject highlighted, and thereafter considered and passed the following resolutions:

- a) **“RESOLVED THAT** the entire liability towards continuance of services of land oustees till their superannuation will be fully borne/ reimbursed by MJSJ Coal Ltd. and to that effect it has been agreed to give a corporate guarantee to MCL.
- b) **“RESOLVED FURTHER** that, back-to-back counter guarantee would be obtained from the respective promoter shareholders towards the liability to land oustees till their superannuation.
- c) **“RESOLVED FURTHER** that MCL would be requested to assure the Land Ousteers that all wages and perks till their superannuation shall be as per norms of MCL. The total expenditure towards wages and perks shall be borne by individual shareholders as per the Corporate Guarantees given by them.
- d) **“RESOLVED FURTHER** that annuity scheme implemented for MCL shall be given by MJSJ Coal Limited in case of winding up of company from that date.
- F) **R&R site:** R&R site measuring 89.48 Acres Govt. land in village Kankarai & Balichandrapur has been approved by RDC, Sambalpur and also by RPDAC held on 09.11.12 & the same has been forwarded to Tahasildar, Chhendipada for further necessary action. Tahasildar, Chhendipada sent a letter to concerned RI for field verification report on 15.07.2011. RI has submitted the report to Tahasildar on 01.11.2011. Tahasildar has sent a letter to DFO, Angul for tree enumeration & valuation on 16.11.2011. A general notice also has been sent to village Kankarai & Balichandrapur on 16.11.2011 as a part of normal procedure. The tree enumeration is done by Range Officer , Chhendipada is invalid as the Govt. land falls under Purunagarh Range Office. Follow up action with RO, Purunagarh is being done.
- G) **RAILWAY SIDING:** In the 19<sup>th</sup> Board Meeting, it was decided to initiate the feasibility study for Rail Infrastructure by RITES through MCL. The decision has been communicated to GM (Civil), MCL for further necessary action. The awarding process is being taken up by MCL.
- H) **WELFARE ACTIVITIES:** The welfare and social amenities like housing, water supply, medical facilities, education, Training and recreation facilities etc. are being provided by MCL to the staff and executive of MJSJ Coal Limited.

The Board directed The CEO MJSJ Coal Limited to forward this decision of Board to MCL for further consideration. Now, the matter has been put up before MCL for their decision.

**E) Govt. LAND PREMIUM:-** Govt. land premium amounting to Rs. 32, 83, 75, 998/- (Rupees Thirty-two Crores, Eighty-three lakhs, seventy-five thousand, nine hundred ninety- eighty) only has been deposited to the State Govt. and the Physical possession of an area of 423.445 acres have been taken.

**I) PERIPHERAL DEVELOPMENT**

**ACTIVITIES:** All the peripheral development activities and social cooperate responsibility under the guidance of the State Govt. have been carried out by MCL presently on behalf of MJSJ Coal Limited.

**J) NALLAH DIVERSION:**- Technical committee constituted by Water Resource Department of Govt. Of Odisha visited the site & prepared the report. Finally the report has been put up to the Hon'ble Minister of Water Resource Department for the final approval.

**IV:- FINANCIAL ACTIVITIES:**

MJSJ Coal Limited is now in development stage. Hence, all the revenue expenditures during the financial year 2017-18 have been transferred to "Development" head and shown as "Capital Work in Progress" (Note- 4) in the Balance Sheet as on 31.03.2018. The total under above head is Rs.2204.60 lakh (towards drilling, exploration and other costs) and Rs.1531.92 lakh ( shown as "Exploration and Evaluation Asset" Note-5) as drilling cost of 22529.65 Mtrs.

The company has opened its Current Account No.30533665105 in State Bank of India, Talcher on 21.10.2008. & also current of Axis Bank. The company has bank balance of Rs.1604.12 lakh as on 31.03.2018 in CLTD/ Current Account.

**V:- BANK GUARANTEE:**

The Company originally furnished Rs.111.24 Crores as Bank Guarantee in favour of the President of India through the Ministry of Coal. However this amount of Rs. 111.24 Crores was reduced to Rs. 22.248 Crores as per order of Hon'ble Delhi High Court and accordingly the company has furnished the Bank Guarantee bearing no. 50/48 issued by SBI, Talcher for the same amount which was valid up to 28.02.2018 and subsequently revalidated till 31.07.2018.

**VI:- AUDITORS**

Under Section 143(5) of the Companies Act, 2013, the following Audit Firm has been appointed as Auditors for the year 2017-18.

**Statutory Auditors**

M/s M.K.SWAIN & ASSOCIATES

Chartered Accountants

H/O – Somanath Praharaj,2<sup>nd</sup> Floor,

Satichoura Road Chandinichow,Cuttack-753002

**VII. FIXED DEPOSITS:**

COMMENTS OF THE COMPTROLLER AND AUDITOR GENERAL OF INDIA UNDER SECTION 143(6) (b) OF THE COMPANIES ACT, 2013 ON THE FINANCIAL STATEMENTS OF MJSJ COAL LIMITED FOR THE YEAR ENDED 31 MARCH 2018

The preparation of financial statements of MJSJ Coal Limited for the year ended 31 March 2018 in accordance with the financial reporting framework prescribed under the Companies Act, 2013 (Act) is the responsibility of the Management of the Company. The statutory auditor appointed by the Comptroller and Auditor General of India under section 139 (5) of the Act is responsible for expressing opinion on the financial statements under section 143 of the Act based on independent audit in accordance with the standards on auditing prescribed under section 143 (10) of the Act. This is stated to have been done by them vide their Audit Report dated 27.04.2018 and revised Audit Report dated 05.06.2018

I, on behalf of the Comptroller and Auditor General of India, have conducted a supplementary audit under section 143(6)(a) of the Act of the financial statements of MJSJ Coal Limited for the year ended 31 March 2018. This supplementary audit has been carried out independently without access to the working papers of the statutory auditor and is limited primarily to inquiries of the statutory auditor and company personnel and a selective examination of some of the accounting records. In view of the revision made to the Independent Auditor's Report as indicated in item (b) under "other matters" as a result of my audit observations highlighted during supplementary audit, I have no further comments to offer upon or supplement to the Statutory Auditor's Report under section 143(6)(b) of the Act.

For and on behalf of the  
Comptroller & Auditor General of India

### **Independent Auditor's Report**

#### **To the Members of MJSJ COAL LIMITED Report on the Ind AS Financial Statements**

We have audited the accompanying Ind AS financial statements of **MJSJ COAL LIMITED** ('the Company'), which comprise the Balance Sheet as at 31 March 2018, the Statement of Profit and Loss (Including other comprehensive income), the Cash Flow Statement and the Statement of changes in Equity for the year then ended, and a summary of significant accounting policies and other explanatory information (herein after referred to as 'Ind AS Financial Statements').

#### **Management's Responsibility for the Financial Statements**

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation and presentation of these Ind AS financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in Equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

#### **Auditor's Responsibility**

Our responsibility is to express an opinion on these Ind AS financial statements based on our audit.

We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made there under.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the Ind AS financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the Ind AS financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the Ind AS financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the Ind AS financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Ind AS financial statements.

### **Opinion**

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Ind As financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India including the Ind AS, of the financial position of the Company as at 31 March 2018 and its cash flows and the changes in equity for the year ended on that date.

### **Emphasis of Matters**

We draw attention to the following matters in the Notes to the Ind AS financial statements:

Reference is invited to Para No. 3 of Notes to Accounts No.40 where the company has wrongly disclosed the Bank Guarantee amount as Rs. 22.448 Crores instead of Rs. 22.248 Crores.

The Company originally furnished Rs.111.24 Crores as Bank Guarantee in favour of the President of India through the Ministry of Coal. However this amount of Rs. 111.24 Crores was reduced to Rs. 22.248 Crores as per order of Hon'ble Delhi High Court and accordingly the company has furnished the Bank Guarantee bearing no. 50/48 issued by SBI, Talcher for the same amount which was valid up to 28.02.2018. However the company has initiated the process of renewal of the same.

Our Opinion is not qualified in respect of these matters.

### **Other Matter**

- a) Rs 3,52,360.00 has been paid by the Company for the Assessment year 2012-13 and Rs 16,67,288.00 has been paid by the Company for the Assessment year 2015-16 on 27-01-2018 as part payments towards Income Tax Demands under dispute and appeals have been preferred against the demands. However no provision is made in the books in respect of such dues.
- b) We have issued an Audit Report dated 27<sup>th</sup> April,2018 (“the original report”) at Cuttack on the Financial Statements as adopted by Board of Directors on even date. Pursuant to the observation of Comptroller & Auditor General of India under section 143(6)(a) of the Companies Act,2013, we have revised the said Audit Report. This revised Audit Report has no impact on the reported figures in the financial statements of the Company. This Audit Report supersedes the original Audit Report, which has been suitably revised to consider observations of Comptroller & Auditor General of India and amendment made to the Emphasis of Matters paragraph, Point No. (iv) of Annexure A, Point No. 1 & 3 of Annexure B and Point No. g(ii) & (iii) of report on other Legal and Regulatory Requirements.

Our Audit procedure on events subsequent to the date of the original report is restricted solely to the amendments to the Emphasis of Matters paragraph, Point No. (iv) of Annexure A, Point No. 1 & 3 of Annexure B and Point No. g(ii) & (iii) of report on other Legal and Regulatory Requirements.

### **Report on Other Legal and Regulatory Requirements**

- (i) As required by the Companies (Auditor’s Report) Order, 2016 (“the Order”) issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013 , we give in the **Annexure -A** to this report, a statement on the matters specified in the paragraph 3 and 4 of the said order, to the extent applicable.
- (ii) As required under section 143(5) of the Companies Act 2013, we give in **Annexure-B** to this report, a statement on the directions, issued by the Comptroller and Auditor General of India after complying the suggested methodology of audit, the actions taken thereon and its impact on the accounts & Ind AS financial statements of the company.
- iii) As required under section 143(5) of the Companies Act 2013, we give in **Annexure-C** to this report, a statement on the Additional-directions, issued by the Comptroller and Auditor General of India for audit of Coal India Limited ,its Subsidiaries and Joint Ventures for the year 2017-18 after complying the suggested methodology of audit, the actions taken thereon and its impact on the accounts & Ind AS financial statements of the company.

As required by Section 143 (3) of the Act, we report that:

- (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
- (b) in our opinion proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
- (c) the Balance Sheet, the Statement of Profit and Loss , the Cash Flow statement and the Statement of Changes in Equity dealt with by this Report are in agreement with the books of account;
- (d) in our opinion, the aforesaid Ind AS financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014;
- (e) on the basis of the written representations received from the directors as on 31 March 2018 taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2018 from being appointed as a director in terms of Section 164 (2) of the Act;
- (f) with respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate report in **(Annexure-D)**
- (g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies ( Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
  - i) The Company has disclosed the impact of pending litigations on its financial position in its financial position in its financial statements.
  - ii) The Company did not have any long term contracts including derivative contracts for which there were any material foreseeable losses.
  - iii) There were no amounts required to be transferred to the Investor Education and Protection

Fund by the Company. Hence the question of delay does not arise.

**Annexure-A**

### **Annexure to the Independent Auditors' Report**

(The Annexure referred to in paragraph I under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

**(i) In respect of Fixed Assets:**

The Company has maintained proper records showing full particulars including quantitative details and situation of fixed assets on the basis of available information.

As explained to us, Fixed assets of the company have been physically verified by the management during the financial year, which in our opinion is reasonable having regards to the size of the company and nature of its assets.

The title deeds of immovable properties are held in the name of the company.

**(ii) In respect of Inventories:**

The Company has no stock of stores, spare parts and raw materials during the year. Hence physical verification by management is not conducted during the year.

**(iii) Loans and Advances to parties covered under section 189 of the companies act, 2013:**

No Loans and advances to parties covered under section 189 of the companies act, 2013 has been given during the year, hence

- (a) Not Applicable
- (b) Not Applicable
- (c) Not Applicable

**(iv) Loans, Investments, Guarantees and Security:**

The Company has not granted any loan or made loan/investment/guarantee/security. Hence reporting in respect of whether provisions of section 185 and 186 of the Companies Act, 2013 have been complied with or not, does not arise.

**(v) Accepting Deposits from Public:**

According to information and explanation given to us the company has not accepted any deposits from public, therefore this clause is not applicable to the company.

**(vi) Maintenance of cost records under section 148 of the Companies Act, 2013 :**

Not Applicable.

**(vii) In respect of statutory dues:**

(a) As the company has no direct staff except employees on deputation from MCL, the deduction and deposit of provident fund dues is not applicable during the year. Further as the company has not started production and sale during the year, no statutory dues is payable to the Govt.

(b) The company is capitalizing all its revenue income and expenditure under the head assets under development since it has not commenced its commercial production. Therefore interest earned on FDR with Bank is also capitalized. However Income Tax Department is considering it as a revenue income and thus the matter is pending before the Appellate Authority of Income Tax Department.

**(viii) Default in Repayment of Loans taken from Bank or Financial Institution:**

The company has not taken any loans from any Banks or Financial Institution, hence this clause is not applicable.

**(ix) Moneys raised by way of initial public offer or further public offer (including debt instruments and term loans were applied for the purpose of which those are raised):**

The company has not raised any money by way of initial public offer or further public offer (including debt instruments and term loans , hence this clause is not applicable.

**(x) Reporting of Fraud during the Year (Nature and Amount):**

According to the information and explanation given to us, no fraud on or by the company has been noticed or reported during the year.

**(xi) Managerial Remuneration:**

The company has not paid any managerial remuneration during the year.

**(xii) Provision related to Nidhi Company:**

Not Applicable.

**(xiii) Related party transaction in compliance with sections 177 and 188 of Companies Act, 2013:**

According to the information and explanation given to us, there is no transaction with related party during the year.

**(xiv) Preferential allotment or private placement of shares or fully or partly convertible debentures during the year:**

The company has not made any Preferential allotment or private placement of shares or fully or partly convertible debentures during the reporting period.

**(xv) Non-cash transactions with directors or persons connected with him:**

The company has not entered into any non-cash transactions with directors or persons connected with him during the reporting period.

**(xvi) Registration under section 45-IA of the Reserve Bank of India Act, 1934:**

Not Applicable.

### **Annexure - D**

#### **Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)**

We have audited the internal financial controls over financial reporting of MJSJ COAL Limited (“the Company”) as of 31 March 2018 in conjunction with our audit of the Ind AS financial statements of the Company for the year ended on that date.

#### **Management’s Responsibility for Internal Financial Controls**

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (‘ICAI’). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

#### **Auditors’ Responsibility**

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

**SECRETARIAL AUDIT REPORT**

**FOR THE FINANCIAL YEAR ENDED 31<sup>ST</sup> MARCH, 2018**

[Pursuant to section 204(1) of the Companies Act, 2013 and rule No.9 of the Companies (Appointment and Remuneration Personnel) Rules, 2014]

TO,

THE MEMBERS,

MJSJ COAL LIMITED

HOUSE NO.42 (1ST FLOOR), ANAND NAGAR

HAKIMPARA, P.O. ANGUL, ANGUL-759153, ODISHA

I/We have conducted the Secretarial Audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by **MJSJ COAL LIMITED** (hereinafter called the company). Secretarial Audit was conducted in a manner that provided us a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing our opinion thereon.

Based on our verification of the company's books, papers, minute books, forms and returns filed and other records maintained by the company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, We hereby report that in our opinion, the company has, during the audit period covering the financial year ended on 31st March 2018 complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

I/We have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the financial year ended on 31st March, 2018 according to the provisions of:

- i. The Companies Act, 2013 (the Act) and the rules made there under;
- ii. The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the rules made there under; **(Not Applicable)**
- iii. The Depositories Act, 1996 and the Regulations and Bye-laws framed there under; **(Not Applicable)**
- iv. Foreign Exchange Management Act, 1999 and the rules and regulations made there under to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings; **(Not Applicable)**

- v. The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act'):-
  - a. The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011; **(Not Applicable)**
  - b. The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 1992; **(Not Applicable)**
  - c. The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2009; **(Not Applicable)**
  - d. The Securities and Exchange Board of India (Employee Stock Option Scheme and Employee Stock Purchase Scheme) Guidelines, 1999; **(Not Applicable)**
  - e. The Securities and Exchange Board of India (Issue and Listing of Debt Securities) Regulations, 2008; **(Not Applicable)**
  - f. The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with client; **(Not Applicable)**
  - g. The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2009; **(Not Applicable)** and
  - h. The Securities and Exchange Board of India (Buyback of Securities) Regulations, 1998; **(Not Applicable)**
- vi. Guidelines on Corporate Governance for Central Public Sector Enterprises issued by the Department of Public Enterprises.
- vii. Compliances and processes under following Industry Specific Laws are being verified on the basis of periodic certificate submitted to the Board of Directors of the Company by different departments and on the basis of verification of documents & records maintained by the company on test check basis:
  - a. Mines Act, 1952
  - b. Mines Concession Rules, 1960
  - c. The Mines Rescue Rules, 1985
  - d. The Mines Vocational Training Rules, 1966
  - e. Mines (Posting of Abstracts) Rules, 1954
  - f. Mines & Mineral (Development Regulations) Act, 1957
  - g. Indian Electricity Rules, 1985
  - i. Indian Explosives Rules, 2008

- j. Coal Mines Regulations, 1957
- k. Coal Mines Conservation & Development Act, 1974
- l. Coal Mines Pension Scheme, 1998
- m. Coal Mines Provident (Miscellaneous Provisions) Act, 1948
- n. Environment Protection Act, 1986
- o. The Water (Prevention & Control of Pollution Act), 1974
- p. The Air (Prevention and Control of Pollution) Act, 1981
- q. Payment of Wages (Mines) Rules, 1956
- r. Payment of Undisbursed wages (Mines) Rules, 1959
- s. The Maternity Benefit (Mines) Rules, 1963
- t. Colliery Control Order, 2000
- u. Colliery Control Rules, 2004
- v. Indian Bureau of Mines (Electrical Supervisor and Electrician) Recruitment Rules, 1990

I / We have also examined compliance with the applicable clauses of the following:

- i. Secretarial Standards issued by the Institute of Company Secretaries of India.
- ii. The Listing Agreements entered into by the Company with any Stock Exchange(s);  
**(Not Applicable)**

I/We are not reporting on compliance of Fiscal Laws and the maintenance of financial records and books of accounts, since those are to be reviewed by the Statutory Auditor in the course of Statutory Audit.

During the period under review the Company has complied with the provisions of the Act, Rules, Regulations, DPE Guidelines, Secretarial Standards, etc. as applicable to the Company.

**I/We further report that**, the Board of Directors of the Company is duly constituted and the changes in the Composition of the Board of Directors that took place during the period under review were carried out in compliance with the provisions of the Act and disclosure of information to the Board were adequate and proper board procedure had been followed by the company.

**We further report that**, adequate notice is given to all Directors to schedule the Board Meetings, Agenda and detailed Notes on Agenda were sent at least seven days in advance and a system exists for seeking and obtaining further information and clarifications on the Agenda items before the Meeting and for meaningful participation at the Meeting. Majority decisions at Board & Committee Meetings are carried unanimously and duly recorded in the Minutes Book.

**We further report that** there are adequate systems and processes in the company commensurate with the size and operations of the company to monitor and ensure compliance with applicable Laws, Rules, Regulations and Guidelines.

Note: This report is to be read with our letter of even date which is annexed as **Annexure A** forms an integral part of this report.

## NOTES TO THE FINANCIAL STATEMENTS

### **Note: 1 CORPORATE INFORMATION**

MJSJ Coal Limited (MJSJCL), a PSU Company with headquarters at Angul, Odisha was incorporated on 13<sup>rd</sup> August, 2008 as a 60% Subsidiary of MCL, Odisha.

The Company is mainly engaged in mining and production of Coal.

The Company is in development stage. Information of the Group structure is provided in Note no. 40.

### **Note 2: SIGNIFICANT ACCOUNTING POLICIES**

#### **Basis of preparation**

The financial statements of the Company have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015.

For all periods up to and including the year ended 31<sup>st</sup> March 2016, the Company prepared its financial statements in accordance with Accounting Standards (AS) notified under section 133 of the Companies Act 2013, read together with paragraph 7 of the Companies (Accounts) Rules, 2014 in accordance with companies (Accounting Standards), Rules 2006 (erstwhile - Indian GAAP). These financial statements for the year ended 31<sup>st</sup> March 2017 are the first financial statements of the Company prepared in accordance with Ind AS.

Refer to Note no. 39 for information on first time adoption of Ind AS.

The financial statements have been prepared on historical cost basis, except for certain financial assets and liabilities measured at fair value (refer accounting policy on financial instruments).

#### **Rounding of amounts**

Amounts in these financial statements have, unless otherwise indicated, been rounded to 'rupees in Lacs' up to two decimal points.

#### **Current and non-current Classification**

The Company presents assets and liabilities in the balance sheet based on current/ non-current classification. An asset is treated as current when:

- (a) it expects to realise the asset, or intends to sell or consume it, in its normal operating cycle;
- (b) it holds the asset primarily for the purpose of trading;

- (c) it expects to realise the asset within twelve months after the reporting period; or
- (d) the asset is cash or a cash equivalent (as defined in Ind AS 7) unless the asset is restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period. All other assets are classified as non-current.

An entity shall classify a liability as current when:

- (a) it expects to settle the liability in its normal operating cycle;
- (b) it holds the liability primarily for the purpose of trading;
- (c) the liability is due to be settled within twelve months after the reporting period; or
- (d) it does not have an unconditional right to defer settlement of the liability for at least twelve months after the reporting period (see paragraph 73). Terms of a liability that could, at the option of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification.

All other liabilities are classified as non-current.

### **Revenue recognition**

#### **Sales revenue**

Revenue from the sale of goods shall be recognised when all the following conditions have been satisfied:

- (a) the entity has transferred to the buyer the significant risks and rewards of ownership of the goods;
- (b) the entity retains neither continuing managerial involvement to the degree usually associated with ownership nor effective control over the goods sold;
- (c) the amount of revenue can be measured reliably;
- (d) it is probable that the economic benefits associated with the transaction will flow to the entity; and
- (e) the costs incurred or to be incurred in respect of the transaction can be measured reliably.

Revenue is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment and excluding taxes, levies or duties collected on behalf of the government/ other statutory bodies.

However, based on the educational material on Ind AS 18 issued by The Institute of Chartered Accountants of India, the Company has assumed that recovery of excise duty flows to the Company on its own account. This is for the reason that it is a liability of the manufacturer which forms part of the cost of production, irrespective of whether the goods are sold or not. Since the recovery of excise duty flows to the Company on its own account, revenue includes excise duty.

However, other taxes, levies or duties are not considered to be received by the Company on its own account and excluded from net revenue.

### **Interest**

Interest income is recognised using the Effective Interest Method.

### **Dividend**

Dividend income from investments is recognised when the rights to receive payment is established.

### **Other Claims**

Other claims (including interest on delayed realization from customers) are accounted for, when there is certainty on realisation.

### **Rendering of Services**

When the outcome of a transaction involving the rendering of services can be estimated reliably, revenue associated with the transaction shall be recognised by reference to the stage of completion of the transaction at the end of the reporting period. The outcome of a transaction can be estimated reliably when all the following conditions are satisfied:

- (a) the amount of revenue can be measured reliably;
- (b) it is probable that the economic benefits associated with the transaction will flow to the entity;
- (c) the stage of completion of the transaction at the end of the reporting period can be measured reliably; and
- (d) the costs incurred for the transaction and the costs to complete the transaction can be measured reliably.

### **Grants from Government**

Government Grants are not recognised until there is reasonable assurance that the company will comply with the conditions attaching to them and that the grants will be received.

Government grants are recognised in Statement of Profit & Loss on a systematic basis over the periods in which the company recognises as expenses the related costs against which the grants are intended to compensate.

Government Grants related to assets are presented in the balance sheet by setting up the grant as deferred income.

Grants related to income are presented as part of profit or loss under the general heading 'Other Income'.

Government Grants which cannot reasonably have a value placed upon them and transaction with government which cannot be separated from normal trading transactions of the entity and are in the nature of government assistance from which the entity have directly benefited and if material are indicated separately in the notes.

## **Leases**

### **Company as a lessee**

A lease is classified at the inception date as a finance lease or an operating lease. A lease that transfers substantially all the risks and rewards incidental to ownership to the Company is classified as a finance lease.

**Finance leases** are capitalised at the commencement of the lease at the inception date fair value of the leased property or, if lower, at the present value of the minimum lease payments. Lease payments are apportioned between finance charges and reduction of the lease liability so as to achieve a constant rate of interest on the remaining balance of the liability.

Finance charges are recognised in finance costs in the statement of profit and loss, unless they are directly attributable to qualifying assets, in which case they are capitalized in accordance with the Company's general policy on the borrowing costs.

A leased asset is depreciated over the useful life of the asset. However, if there is no reasonable certainty that the Company will obtain ownership by the end of the lease term, the asset is depreciated over the shorter of the estimated useful life of the asset and the lease term.

**Operating lease** payments are recognised as an expense in the statement of profit and loss on a straight-line basis over the lease term

### **Company as a lessor**

Leases in which the Company does not transfer substantially all the risks and rewards of ownership of an asset are classified as **operating leases**. Rental income from operating lease is recognised on a straight-line basis over the term of the relevant lease. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognised over the lease term on the same basis as lease income.

Leases are classified as **finance leases** when substantially all of the risks and rewards of ownership transfer from the Company to the lessee. Amounts due from lessees under finance leases are recorded as receivables at the Company's net investment in the leases. Finance lease income is allocated to accounting periods so as to reflect a constant periodic rate of return on the net investment outstanding in respect of the lease.

### **Non-current assets held for sale**

The Company classifies non-current assets and disposal groups as held for sale if their carrying amounts will be recovered principally through a sale rather than through continuing use. Actions required to complete the sale should indicate that it is unlikely that significant changes to the sale will be made or that the decision to sell will be withdrawn. Management must be committed to the sale expected within one year from the date of classification.

For these purposes, sale transactions include exchanges of non-current assets for other non-current assets when the exchange has commercial substance. The criteria for held for sale classification is regarded met only when the assets or disposal group is available for immediate sale in its present condition, subject only to terms that are usual and customary for sales of such assets (or disposal groups), its sale is highly probable; and it will genuinely be sold, not abandoned. The Company treats sale of the asset or disposal group to be highly probable when:

- The appropriate level of management is committed to a plan to sell the asset (or disposal group),
- An active programme to locate a buyer and complete the plan has been initiated (if applicable),
- The asset (or disposal group) is being actively marketed for sale at a price that is reasonable in relation to its current fair value,
- The sale is expected to qualify for recognition as a completed sale within one year from the date of classification, and
- Actions required to complete the plan indicate that it is unlikely those significant changes to the plan will be made or that the plan will be withdrawn.

### **Property, Plant and Equipment**

Land is carried at historical cost. Historical cost includes expenditure which are directly attributable to the acquisition of the land like, rehabilitation expenses, resettlement cost and compensation in lieu of employment incurred for concerned displaced persons etc.

All other Property, plant and equipment are stated at carrying value including, less accumulated depreciation and accumulated impairment losses, if any. The cost of an item of property, plant and equipment comprises:

- (a) its purchase price, including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates.
- (b) any costs directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management.

(c) the initial estimate of the costs of dismantling and removing the item and restoring the site on which it is located, the obligation for which an entity incurs either when the item is acquired or as a consequence of having used the item during a particular period for purposes other than to produce inventories during that period.

Each part of an item of property, plant and equipment with a cost that is significant in relation to the total cost of the item shall be depreciated separately.

Costs of the day to-day servicing described as for the 'repairs and maintenance' are recognised in the statement of profit and loss in the period in which the same are incurred.

Subsequent cost of replacing parts of an item of property, plant and equipment are recognised in the carrying amount of the item, if it is probable that future economic benefits associated with the item will flow to the Company; and the cost of the item can be measured reliably. The carrying amount of those parts that are replaced is derecognised in accordance with the derecognition policy mentioned below.

When major inspection is performed, its cost is recognised in the carrying amount of the item of property, plant and equipment as a replacement if it is probable that future economic benefits associated with the item will flow to the Company; and the cost of the item can be measured reliably. Any remaining carrying amount of the cost of the previous inspection (as distinct from physical parts) is derecognised.

An item of Property, plant or equipment is derecognised upon disposal or when no future economic benefits are expected from the continued use of assets. Any gain or loss arising on the disposal or retirement of an item of property plant and equipment is recognised in profit and loss.

Depreciation on property, plant and equipment, except freehold land, is provided as per cost model on straight line basis over the estimated useful lives of the asset as follows:

Leasehold Land	: Life of the project
Building	: 3-60 years
Roads	: 3-10 years
Telecommunication	: 3-9 years
Railway Sidings	: 15 years
Plant and Equipment	: 5-15 years
Office equipment	: 3-6 years
Furniture and Fixtures	: 8-10 years
Vehicles	: 8-10 years
Others	:

The residual value of Property, plant and equipment for depreciation purpose is considered as 5% of the original cost of the asset except some items of assets viz., Coal tub, winding ropes, haulage ropes, stowing pipes & safety lamps the technically estimated useful life has been determined to be one year with a nil residual value.

The estimated useful life of the assets is reviewed at the end of each financial year.

Depreciation on the assets added / disposed of during the year is provided on pro-rata basis with reference to the month of addition / disposal.

Value of land acquired under Coal Bearing Area (Acquisition & Development) Act, 1957 is amortised on the basis of the balance life of the project. Value of leasehold land is amortised on the basis of lease period or balance life of the project whichever is earlier.

Fully depreciated assets, retired from active use are disclosed separately as surveyed off assets at its residual value under Property, plant Equipment and are tested for impairment.

Capital Expenses incurred by the company on construction/development of certain assets which are essential for production, supply of goods or for the access to any existing Assets of the company are recognised as Enabling Assets under Property, Plant and Equipment.

### ***Transition to Ind AS***

The company elected to continue with the carrying value as per cost model (for all of its property, plant and equipment as recognised in the financial statements as at the date of transition to Ind ASs, measured as per the previous GAAP.

### **Mine Closure, Site Restoration and Decommissioning Obligation**

The company's obligation for land reclamation and decommissioning of structures consists of spending at both surface and underground mines in accordance with the guidelines from Ministry of Coal, Government of India. The company estimates its obligation for Mine Closure, Site Restoration and Decommissioning based upon detailed calculation and technical assessment of the amount and timing of the future cash spending to perform the required work. Mine Closure expenditure is provided as per approved Mine Closure Plan. The estimates of expenses are escalated for inflation, and then discounted at a discount rate that reflects current market assessment of the time value of money and the risks, such that the amount of provision reflects the present value of the expenditures expected to be required to settle the obligation. The company records a corresponding asset associated with the liability for final reclamation and mine closure. The obligation and corresponding assets are recognised in the period in which the liability is incurred. The asset representing the total site restoration cost (as estimated by Central Mine Planning and Design Institute Limited) as per mine closure plan is recognised as a separate item in PPE and amortised over the balance project/mine life.

A specific escrow fund account is maintained to set aside the fund required to settle the obligation as per the approved mine closure plan. The progressive mine closure expenses incurred on year to year basis forming part of the total mine closure obligation is initially recognised as receivable from escrow account with the concurrence of the certifying agency and thereafter adjusted with the obligation in the year in which the amount is withdrawn.

The value of the provision is progressively increased over time as the effect of discounting unwinds; creating an expense recognised as financial expenses.

### **Exploration and Evaluation Assets**

Exploration and evaluation assets comprise capitalised costs which are attributable to the search for coal and related resources, the determination of technical feasibility and the assessment of commercial viability of an identified resource which comprises inter alia the following:

- researching and analysing historical exploration data;
- gathering exploration data through topographical, geo chemical and geo physical studies;
- exploratory drilling, trenching and sampling;
- determining and examining the volume and grade of the resource;
- surveying transportation and infrastructure requirements;
- Conducting market and finance studies.

The above includes employee remuneration, materials and fuel used, payments to contractors etc.

As the intangible component represents an insignificant/indistinguishable portion of the overall expected tangible costs to be incurred and recouped from future exploitation, these costs along with other capitalised exploration costs are recorded as exploration and evaluation asset.

Exploration and evaluation costs are capitalised on a project by project basis pending determination of technical feasibility and commercial viability of the project and disclosed as a separate line item under non-current assets. They are subsequently measured at cost less accumulated impairment/provision.

Once proved reserves are determined and development of mines/project is sanctioned, exploration and evaluation assets are transferred to “Development” under capital work in progress. However, in case of proved reserves are not determined, the exploration and evaluation asset is derecognised.

### **Development Expenditure**

When proved reserves are determined and development of mines/project is sanctioned, capitalised exploration and evaluation cost is recognised as assets under construction and

disclosed as a component of capital work in progress under the head “Development”. All subsequent development expenditure is also capitalised. The development expenditure capitalised is net of proceeds from the sale of coal extracted during the development phase.

#### Commercial Operation

The project/mines are brought to revenue; when commercial readiness of a project/mine to yield production on a sustainable basis is established either on the basis of conditions specifically stated in the project report or on the basis of the following criteria:

- (a) From beginning of the financial year immediately after the year in which the project achieves physical output of 25% of rated capacity as per approved project report, or
- (b) 2 years of touching of coal, or
- (c) From the beginning of the financial year in which the value of production is more than total, expenses.

Whichever event occurs first;

On being brought to revenue, the assets under capital work in progress are reclassified as a component of property, plant and equipment under the nomenclature “Other Mining Infrastructure”. Other Mining Infrastructure are amortised from the year when the mine is brought under revenue in 20 years or working life of the project whichever is less.

#### Intangible Assets

Intangible assets acquired separately are measured on initial recognition at cost. The cost of intangible assets acquired in a business combination is their fair value at the date of acquisition. Following initial recognition, intangible assets are carried at cost less any accumulated amortisation (calculated on a straight-line basis over their useful lives) and accumulated impairment losses, if any.

Internally generated intangibles, excluding capitalised development costs, are not capitalised. Instead, the related expenditure is recognised in the statement of profit or loss and other comprehensive income in the period in which the expenditure is incurred. The useful lives of intangible assets are assessed as either finite or indefinite. Intangible assets with finite lives are amortised over their useful economic lives and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortisation period and the amortisation method for an intangible asset with a finite useful life are reviewed at least at the end of each reporting period. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset are considered to modify the amortisation period or method, as appropriate, and are treated as changes in accounting estimates. The amortisation expense on intangible assets with finite lives is recognised in the statement of profit or loss.

Gains or losses arising from derecognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the statement of profit or loss

Exploration and Evaluation assets attributable to blocks identified for sale or proposed to be sold to outside agencies are however, classified as Intangible Assets and tested for impairment.

Cost of Software recognized as intangible asset, is amortised on straight line method over a period of legal right to use or three years, whichever is less; with a nil residual value.

### **Impairment**

The Company assess at the end of each reporting period whether there is any indication that an asset may be impaired. If any such indication exists, the Company estimates the recoverable amount of the asset. An asset's recoverable amount is the higher of the asset's or cash-generating unit's value in use and its fair value less costs of disposal, and is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets, in which case the recoverable amount is determined for the cash-generating unit to which the asset belongs.

### **Investment Property**

Property (land or a building or part of a building or both) held to earn rentals or for capital appreciation or both, rather than for, use in the production or supply of goods or services or for administrative purposes; or sale in the ordinary course of businesses are classified as investment property.

Investment property is measured initially at its cost, including related transaction costs and where applicable borrowing costs.

Investment properties are depreciated using the straight-line method over their estimated useful lives.

### **Financial Instruments**

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

#### **Financial assets**

##### **Initial recognition and measurement**

All financial assets are recognised initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset. Purchases or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trades) are recognised on the trade date, i.e., the date that the Company commits to purchase or sell the asset.

### **Subsequent measurement**

For purposes of subsequent measurement, financial assets are classified in four categories:

- Debt instruments at amortised cost
- Debt instruments at fair value through other comprehensive income (FVTOCI)
- Debt instruments, derivatives and equity instruments at fair value through profit or loss (FVTPL)
- Equity instruments measured at fair value through other comprehensive income (FVTOCI)

#### **Debt instruments at amortised cost**

A 'debt instrument' is measured at the amortised cost if both the following conditions are met:

- a) The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
- b) Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in finance income in the profit or loss. The losses arising from impairment are recognised in the profit or loss. This category generally applies to trade and other receivables.

#### **Debt instrument at FVTOCI**

A 'debt instrument' is classified as at the FVTOCI if both of the following criteria are met:

- a) The objective of the business model is achieved both by collecting contractual cash flows and selling the financial assets, and
- b) The asset's contractual cash flows represent SPPI.

Debt instruments included within the FVTOCI category are measured initially as well as at each reporting date at fair value. Fair value movements are recognized in the other comprehensive income (OCI). However, the Company recognizes interest income, impairment losses & reversals and foreign exchange gain or loss in the P&L. On derecognition of the asset, cumulative gain or loss previously recognised in OCI is reclassified from the equity to P&L. Interest earned whilst holding FVTOCI debt instrument is reported as interest income using the EIR method.

#### **Debt instrument at FVTPL**

FVTPL is a residual category for debt instruments. Any debt instrument, which does not meet the criteria for categorization as at amortized cost or as FVTOCI, is classified as at FVTPL.

In addition, the Company may elect to designate a debt instrument, which otherwise meets amortized cost or FVTOCI criteria, as at FVTPL. However, such election is allowed only if doing so reduces or eliminates a measurement or recognition inconsistency (referred to as 'accounting mismatch'). The Company has not designated any debt instrument as at FVTPL.

Debt instruments included within the FVTPL category are measured at fair value with all changes recognized in the P&L.

### **Equity investments in subsidiaries, associates and Joint Ventures**

In accordance of Ind AS 101 (First time adoption of Ind AS), the carrying amount of these investments as per previous GAAP as on the date of transition is considered to be the deemed cost. Subsequently Investment in subsidiaries, associates and joint ventures are measured at cost.

### **Other Equity Investment**

All other equity investments in scope of Ind AS 109 are measured at fair value through profit or loss.

For all other equity instruments, the Company may make an irrevocable election to present in other comprehensive income subsequent changes in the fair value. The Company makes such election on an instrument by-instrument basis. The classification is made on initial recognition and is irrevocable.

If the Company decides to classify an equity instrument as at FVTOCI, then all fair value changes on the instrument, excluding dividends, are recognized in the OCI. There is no recycling of the amounts from OCI to P&L, even on sale of investment. However, the Company may transfer the cumulative gain or loss within equity.

Equity instruments included within the FVTPL category are measured at fair value with all changes recognized in the P&L.

### **Derecognition**

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognised (i.e. removed from the Company's balance sheet) when:

- The rights to receive cash flows from the asset have expired, or
- The Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement~ and either (a) the Company has transferred substantially all the risks and rewards of the asset, or (b) the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the Company has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Company continues to recognise the transferred asset to the extent of the Company's continuing involvement. In that case, the Company also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Company has retained. Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the Company could be required to repay.

### **Impairment of financial assets**

In accordance with Ind AS 109, the Company applies expected credit loss (ECL) model for measurement and recognition of impairment loss on the following financial assets and credit risk exposure:

- a) Financial assets that are debt instruments, and are measured at amortised cost e.g., loans, debt securities, deposits, trade receivables and bank balance
- b) Financial assets that are debt instruments and are measured as at FVTOCI
- c) Lease receivables under Ind AS 17
- d) Trade receivables or any contractual right to receive cash or another financial asset that result from transactions that are within the scope of Ind AS 11 and Ind AS 18

The Company follows 'simplified approach' for recognition of impairment loss allowance on:

- Trade receivables or contract revenue receivables; and
- All lease receivables resulting from transactions within the scope of Ind AS 17

The application of simplified approach does not require the Company to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition.

### **Financial liabilities**

#### **Initial recognition and measurement**

The Company's financial liabilities include trade and other payables, loans and borrowings including bank overdrafts.

All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

#### **Subsequent measurement**

The measurement of financial liabilities depends on their classification, as described below:

### **Financial liabilities at fair value through profit or loss**

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term. This category also includes derivative financial instruments entered into by the Company that are not designated as hedging instruments in hedge relationships as defined by Ind AS 109. Separated embedded derivatives are also classified as held for trading unless they are designated as effective hedging instruments.

Gains or losses on liabilities held for trading are recognised in the profit or loss.

Financial liabilities designated upon initial recognition at fair value through profit or loss are designated as such at the initial date of recognition, and only if the criteria in Ind AS 109 are satisfied. For liabilities designated as FVTPL, fair value gains/ losses attributable to changes in own credit risk are recognized in OCI. These gains/ loss are not subsequently transferred to P&L. However, the Company may transfer the cumulative gain or loss within equity. All other changes in fair value of such liability are recognised in the statement of profit or loss. The Company has not designated any financial liability as at fair value through profit and loss.

### **Financial liabilities at amortised cost**

This is the category most relevant to the Company. After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the effective interest rate method. Gains and losses are recognised in profit or loss when the liabilities are derecognised as well as through the effective interest rate amortisation process. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the effective interest rate. The effective interest rate amortisation is included as finance costs in the statement of profit and loss. This category generally applies to borrowings.

### **Derecognition**

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference between the carrying amount of a financial liability (or part of a financial liability) extinguished or transferred to another party and the consideration paid, including any non-cash assets transferred or liabilities assumed, shall be recognised in profit or loss.

### Reclassification of financial assets

The Company determines classification of financial assets and liabilities on initial recognition. After initial recognition, no reclassification is made for financial assets which are equity instruments and financial liabilities. For financial assets which are debt instruments, a reclassification is made only if there is a change in the business model for managing those assets. Changes to the business model are expected to be infrequent. The Company's senior management determines change in the business model as a result of external or internal changes which are significant to the Company's operations. Such changes are evident to external parties. A change in the business model occurs when the Company either begins or ceases to perform an activity that is significant to its operations. If the Company reclassifies financial assets, it applies the reclassification prospectively from the reclassification date which is the first day of the immediately next reporting period following the change in business model. The Company does not restate any previously recognised gains, losses (including impairment gains or losses) or interest.

The following table shows various reclassification and how they are accounted for

Original classification	Revised classification	Accounting treatment
Amortised cost	FVTPL	Fair value is measured at reclassification date. Difference between previous amortized cost and fair value is recognised in P&L.
FVTPL	Amortised Cost	Fair value at reclassification date becomes its new gross carrying amount. EIR is calculated based on the new gross carrying amount.
Amortised cost	FVTOCI	Fair value is measured at reclassification date. Difference between previous amortised cost and fair value is recognised in OCI. No change in EIR due to reclassification.
FVTOCI	Amortised cost	Fair value at reclassification date becomes its new amortised cost carrying amount. However, cumulative gain or loss in OCI is adjusted against fair value. Consequently, the asset is measured as if it had always been measured at amortised cost.
FVTPL	FVTOCI	Fair value at reclassification date becomes its new carrying amount. No other adjustment is required.
FVTOCI	FVTPL	Assets continue to be measured at fair value. Cumulative gain or loss previously recognized in OCI is reclassified to P&L at the reclassification date.

### **Offsetting of financial instruments**

Financial assets and financial liabilities are offset and the net amount is reported in the consolidated balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

### **Borrowing Costs**

Borrowing costs are expensed as incurred except where they are directly attributable to the acquisition, construction or production of qualifying assets i.e. the assets that necessarily takes substantial period of time to get ready for intended use, in which case they are capitalised as part of the cost of those asset up to the date when the qualifying asset is ready for its intended use.

### **Taxation**

Income tax expense represents the sum of the tax currently payable and deferred tax.

Current tax is the amount of income taxes payable (recoverable) in respect of the taxable profit (tax loss) for a period. Taxable profit differs from “profit before income tax” as reported in the statement of profit or loss and other comprehensive income because it excludes items of income or expense that are taxable or deductible in other years and it further excludes items that are never taxable or deductible. The company’s liability for current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax base used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary difference to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such assets and liabilities are not recognised if the temporary difference arises from goodwill or from the initial recognition (other than in a business combination) of other assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

Deferred tax liabilities are recognised for taxable temporary differences associated with investments in subsidiaries and associates, except where the company is able to control the reversal of the temporary difference and it is probable that the temporary difference will not reverse in the foreseeable future. Deferred tax assets arising from deductible temporary differences associated with such investments and interests are only recognised to the extent that it is probable that there will be sufficient taxable profits against which to utilise the benefits of the temporary differences.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered. Unrecognised deferred tax assets are reassessed at the end of each reporting year and are recognised to the extent that it has become probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset is realised, based on tax rate (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively. Where current tax or deferred tax arises from the initial accounting for a business combination, the tax effect is included in the accounting for the business combination.

## **Employee Benefits**

### **Short-term Benefits**

All short term employee benefits are recognized in the period in which they are incurred.

### **Post-employment benefits and other long term employee benefits**

#### **Defined contributions plans**

A defined contribution plan is a post-employment benefit plan for Provident fund and Pension under which the company pays fixed contribution into fund maintained by a separate statutory body (Coal Mines Provident Fund) constituted under an enactment of law and the company will have no legal or constructive obligation to pay further amounts. Obligations for contributions to defined contribution plans are recognised as an employee benefit expense in the statement of profit and loss in the periods during which services are rendered by employees.

#### **Defined benefits plans**

A defined benefit plan is a post-employment benefit plan other than a defined contribution plan. Gratuity, leave encashment are defined benefit plans (with ceilings on benefits). The company's net obligation in respect of defined benefit plans is calculated by estimating the amount of future benefit that employees have earned in return of their service in the current and prior periods. The benefit is discounted to determine its present value and reduced by the

fair value of plan assets, if any. The discount rate is based on the prevailing market yields of Indian Government securities as at the reporting date that have maturity dates approximating the terms of the company's obligations and that are denominated in the same currency in which the benefits are expected to be paid.

The application of actuarial valuation involves making assumptions about discount rate, expected rates of return on assets, future salary increases, mortality rates etc. Due to the long term nature of these plans, such estimates are subject to uncertainties. The calculation is performed annually by an actuary using the projected unit credit method. When the calculation results in to the benefit to the company, the recognised asset is limited to the present value of the economic benefits available in the form of any future refunds from the plan or reduction in future contributions to the plan. An economic benefit is available to the company if it is realisable during the life of the plan, or on settlement of plan liabilities.

Re-measurement of the net defined benefit liability, which comprise actuarial gain and losses considering the return on plan assets (excluding interest) and the effects of the assets ceiling (if any, excluding interest) are recognised immediately in the other comprehensive income. The company determines the net interest expense (income) on the net defined benefit liability (asset) for the period by applying the discount rate used to measure the defined benefit obligation at the beginning of the annual period to the then net defined benefit liability (asset), taking into account any changes in the net defined benefit liability (asset) during the period as a result of contributions and benefit payments. Net interest expense and other expenses related to defined benefit plans are recognised in profit and loss.

When the benefits of the plan are improved, the portion of the increased benefit relating to past service by employees is recognised as expense immediately in the statement of profit and loss.

### **Other Employee benefits**

Certain other employee benefits namely benefit on account of LTA, LTC, Life Cover scheme, Group personal Accident insurance scheme, settlement allowance, post-retirement medical benefit scheme and compensation to dependents of deceased in mine accidents etc., are also recognised on the same basis as described above for defined benefits plan. These benefits do not have specific funding.

### **Foreign Currency**

The company's reported currency and the functional currency for majority of its operations is in Indian Rupees (INR) being the principal currency of the economic environment in which it operates.

Transactions in foreign currencies are converted into the reported currency of the company using the exchange rate prevailing at the transaction date. Monetary assets and liabilities denominated in foreign currencies outstanding at the end of the reporting period are translated at the exchange rates prevailing as at the end of reporting period. Exchange differences arising on the settlement of monetary assets and liabilities or on translating monetary assets and liabilities at rates different from those at which they were translated on initial recognition during the period or in previous financial statements shall be recognised in statement of profit and loss in the period in which they arise.

Non-monetary items denominated in foreign currency are valued at the exchange rates prevailing on the date of transactions.

### **Stripping Activity Expense/Adjustment**

In case of opencast mining, the mine waste materials (“overburden”) which consists of soil and rock on the top of coal seam is required to be removed to get access to the coal and its extraction. This waste removal activity is known as ‘Stripping’. In opencast mines, the company has to incur such expenses over the life of the mine (as technically estimated by CMPDIL and recorded in the project report).

Therefore, as a policy, in the mines with rated capacity of one million tonnes per annum and above, cost of Stripping is charged on technically evaluated average stripping ratio (COAL: OB) at each mine with due adjustment for stripping activity asset and ratio-variance account after the mines are brought to revenue. Net of balances of stripping activity asset and ratio variance at the Balance Sheet date is shown as Stripping Activity Adjustment under the head Non - Current Assets/ Non-Current Provisions as the case may be.

The reported quantity of overburden as per record is considered in calculating the ratio for OBR accounting where the variance between reported quantity and measured quantity is within the lower of the two alternative permissible limits, as detailed hereunder:-

Annual Quantum of OBROf the Mine	Permissible limits of variance	
	I	II
	%	Quantum (in Mill. Cu. Mtr.)
Less than 1 Mill. CUM	+/- 5%	0.03
Between 1 and 5 Mill. CUM	+/- 3%	0.20
More than 5 Mill. CUM	+/- 2%	Nil

However, where the variance is beyond the permissible limits as above, the measured quantity is considered.

## **Inventories**

### **A. Stock of Coal**

Inventories of coal/coke are stated at lower of cost and net realisable value. Cost of inventory is calculated using the weighted average method. Net realisable value represents the estimated selling price for inventories less all estimated costs of completion and costs necessary to make the sale.

Book stock of coal is considered in the accounts where the variance between book stock and measured stock is up to +/- 5% and in cases where the variance is beyond +/- 5% the measured stock is considered. Such stock are valued at net realisable value or cost whichever is lower. Coke is considered as a part of stock of coal.

Coal & coke-fines are valued at lower of cost or net realisable value and considered as a part of stock of coal.

Slurry (coking/semi-coking), middling of washeries and by products are valued at net realisable value and considered as a part of stock of coal.

### **B. Stores & Spares**

The Stock of stores & spare parts (which also includes loose tools) at central & area stores are considered as per balances appearing in priced stores ledger and are valued at cost calculated on the basis of weighted average method. The inventory of stores & spare parts lying at collieries / sub-stores / drilling camps/ consuming centres are considered at the yearend only as per physically verified stores and are valued at cost.

Provisions are made at the rate of 100% for unserviceable, damaged and obsolete stores and spares and at the rate of 50% for stores & spares not moved for 5 years.

### **C. Other Inventories**

Workshop jobs including work-in-progress are valued at cost. Stock of press jobs (including work in progress) and stationary at printing press and medicines at central hospital are valued at cost.

However, Stock of stationery (other than lying at printing press), bricks, sand, medicine (except at Central Hospitals), aircraft spares and scraps are not considered in inventory considering their value not being significant.

## **Provisions, Contingent Liabilities & Contingent Assets**

Provisions are recognized when the company has a present obligation (legal or constructive) as a result of a past event, and it is probable that an outflow of economic benefits will be required to settle the obligation and a reliable estimate of the amount of the obligation can be made. Where the time value of money is material, provisions are stated at the present value of the expenditure expected to settle the obligation.

All provisions are reviewed at each balance sheet date and adjusted to reflect the current best estimate.

Where it is not probable that an outflow of economic benefits will be required, or the amount cannot be estimated reliably, the obligation is disclosed as a contingent liability, unless the probability of outflow of economic benefits is remote. Possible obligations, whose existence will only be confirmed by the occurrence or non-occurrence of one or more future uncertain events not wholly within the control of the company, are also disclosed as contingent liabilities unless the probability of outflow of economic benefits is remote.

Contingent Assets are not recognised in the financial statements. However, when the realisation of income is virtually certain, then the related asset is not a contingent asset and its recognition is appropriate.

### **Earnings per share**

Basic earnings per share are computed by dividing the net profit after tax by the weighted average number of equity shares outstanding during the period. Diluted earnings per shares is computed by dividing the profit after tax by the weighted average number of equity shares considered for deriving basic earnings per shares and also the weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares.

### **Judgements, Estimates and Assumptions**

The preparation of the financial statements in conformity with Ind AS requires management to make estimates, judgements and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities, the disclosures of contingent assets and liabilities at the date of financial statements and the amount of revenue and expenses during the reported period. Application of accounting policies involving complex and subjective judgements and the use of assumptions in these financial statements have been disclosed. Accounting estimates could change from period to period. Actual results could differ from those estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimate are recognised in the period in which the estimates are revised and, if material, their effects are disclosed in the notes to the financial statements.

### **Judgements**

In the process of applying the Company's accounting policies, management has made the following judgements, which have the most significant effect on the amounts recognised in the consolidated financial statements:

### **Formulation of Accounting Policies**

Accounting policies are formulated in a manner that result in financial statements containing relevant and reliable information about the transactions, other events and conditions to which they apply. Those policies need not be applied when the effect of applying them is immaterial.

In the absence of an Ind AS that specifically applies to a transaction, other event or condition, management has used its judgement in developing and applying an accounting policy that results in information that is:

- a) relevant to the economic decision-making needs of users and
- b) reliable in that financial statements :
  - (i) represent faithfully the financial position, financial performance and cash flows of the entity;
  - (ii) reflect the economic substance of transactions, other events and conditions, and not merely the legal form;
  - (iii) are neutral, i.e. free from bias;
  - (iv) are prudent; and
  - (v) are complete in all material respects on a consistent basis

In making the judgement management refers to, and considers the applicability of, the following sources in descending order:

- (a) the requirements in Ind ASs dealing with similar and related issues; and
- (b) the definitions, recognition criteria and measurement concepts for assets, liabilities, income and expenses in the Framework.

In making the judgement, management considers the most recent pronouncements of International Accounting Standards Board and in absence thereof those of the other standard-setting bodies that use a similar conceptual framework to develop accounting standards, other accounting literature and accepted industry practices, to the extent that these do not conflict with the sources in above paragraph.

The Company operates in the mining sector (a sector where the exploration, evaluation, development production phases are based on the varied topographical and geomining terrain spread over the lease period running over decades and prone to constant changes), the accounting policies whereof have evolved based on specific industry practices supported by research committees and approved by the various regulators owing to its consistent application over the last several decades. In the absence of specific accounting literature, guidance and standards in certain specific areas which are in the process of evolution. The Company continues to strive to develop accounting policies in line with the development of accounting literature and any development therein shall be accounted for prospectively as per the procedure laid down above more particularly in Ind AS 8.

### **Materiality**

Ind AS applies to items which are material. Management uses judgment in deciding whether individual items or groups of item are material in the financial statements. Materiality is judged by reference to the size and nature of the item. The deciding factor is whether omission or misstatement could individually or collectively influence the economic decisions that users make on the basis of the financial statements. Management also uses judgement of materiality for determining the compliance requirement of the Ind AS. In particular circumstances either the nature or the amount of an item or aggregate of items could be the determining factor. Further an entity may also be required to present separately immaterial items when required by law.

### **Operating lease**

Company has entered into lease agreements. The Company has determined, based on an evaluation of the terms and conditions of the arrangements, such as the lease term not constituting a major part of the economic life of the commercial property and the fair value of the asset, that it retains all the significant risks and rewards of ownership of these properties and accounts for the contracts as operating leases.

### **Estimates and assumptions**

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Company based its assumptions and estimates on parameters available when the consolidated financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the Company. Such changes are reflected in the assumptions when they occur.

### **Impairment of non-financial assets**

Impairment exists when the carrying value of an asset or cash generating unit exceeds its recoverable amount, which is the higher of its fair value less costs of disposal and its value in use. Company considers individual mines as separate cash generating units for the purpose of test of impairment. The value in use calculation is based on a DCF model. The cash flows are derived from the budget for the next five years and do not include restructuring activities that the Company is not yet committed to or significant future investments that will enhance the asset's performance of the CGU being tested. The recoverable amount is sensitive to the discount rate used for the DCF model as well as the expected future cash-inflows and the growth rate used for extrapolation purposes. These estimates are most relevant to other mining infrastructures. The key assumptions used to determine the recoverable amount for the different CGUs, are disclosed and further explained in respective notes.

### **Taxes**

Deferred tax assets are recognised for unused tax losses to the extent that it is probable that taxable profit will be available against which the losses can be utilised. Significant management judgement is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and the level of future taxable profits together with future tax planning strategies. Further details on taxes are disclosed in Note 39.

### **Defined benefit plans**

The cost of the defined benefit gratuity plan and other post-employment medical benefits and the present value of the gratuity obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates.

Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date. The parameter most subject to change is the discount rate. In determining the appropriate discount rate for plans operated in India, the management considers the interest rates of government bonds in currencies consistent with the currencies of the post-employment benefit obligation.

The mortality rate is based on publicly available mortality tables of the country. Those mortality tables tend to change only at interval in response to demographic changes. Future salary increases and gratuity increases are based on expected future inflation rate.

### **Fair value measurement of financial instruments**

When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques including the DCF model. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgement is required in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

### **Intangible asset under development**

The Company capitalises intangible asset under development for a project in accordance with the accounting policy. Initial capitalisation of costs is based on management's judgement that technological and economic feasibility is confirmed, usually when a project report is formulated by Central Mine Planning and Design Institute Limited.

### **Provision for Mine Closure, Site Restoration and Decommissioning Obligation**

In determining the fair value of the provision for Mine Closure, Site Restoration and Decommissioning Obligation, assumptions and estimates are made in relation to discount rates, the expected cost of site restoration and dismantling and the expected timing of those costs. The Company estimates provision using the DCF method considering life of the project/ mine based on following assumptions:

- Estimated cost per hectare as specified in guidelines issued by ministry, Govt. of India
- Discount rate – 8%

Less: Non-vendable Coal	-	-	-	-	-	-	-	-	-	-	-	-
Adjusted Opening Stock (Vendable)	-	-	-	-	-	-	-	-	-	-	-	-
Production	-	-	-	-	-	-	-	-	-	-	-	-
Offtake												
(A) Outside Despatch	-	-	-	-	-	-	-	-	-	-	-	-
(B) Coal feed to Washeries	-	-	-	-	-	-	-	-	-	-	-	-
(C) Own Consumption	-	-	-	-	-	-	-	-	-	-	-	-
Closing Stock derived	-	-	-	-	-	-	-	-	-	-	-	-
Less: Shortage	-	-	-	-	-	-	-	-	-	-	-	-
Excess	-	-	-	-	-	-	-	-	-	-	-	-
Closing Stock	-	-	-	-	-	-	-	-	-	-	-	-

Internal survey measurement teams have physically verified closing stock of coal. In some areas the same has also been verified by outside teams. The Shortage / surplus found on physical verification of coal stock within +/- 5% over book stock (mine/ colliery wise), is ignored pursuant to Accounting Policy.

The details of shortage beyond 5% are as under:-

AREA	MINES	Book Stock (Qty. in L Te)		Measured stock (Qty. in L Te)		% variance	
		As on 31.03.2018	As on 31.03.2017	As on 31.03.2018	As on 31.03.2017	As on 31.03.2018	As on 31.03.2017

In those cases, since the differences are more than +/- 5%, as per policy, measured stocks have been considered in accounts and shortage quantity of \_\_\_ lakh tonnes valuing ₹ \_\_\_ crore as at 31.03.2018.

- NCWA X		
- Executive Pay Revision		
	<b>2.68</b>	<b>3.38</b>
Site Restoration/Mine Closure		
Excise Duty on Closing Stock of Coal		
Coal Quality variance		
Others (to be specified in note)		
<b>TOTAL</b>	<b>2.68</b>	<b>3.38</b>

- Gratuity paid during the year ended 31.03.2018 amounting to Rs. \_\_\_\_ lakhs out of liability as on 31.03.2017.
- Provision for Mine Closure Following the guidelines from Ministry of Coal, Government of India for preparation of Mine Closure Plan a provision is made in the accounts. Such provision is made as per CMPDIL's (a subsidiary of Coal India Ltd.) technical assessment. The liability for mine closure expenses (as estimated by CMPDIL) of each mine has been discounted @ 8% and capitalized to arrive at the mine closure liability as on 1st year of making of such provision. Thereafter the provision has been reestimated in subsequent year by unwinding the discount to arrive at the provision as on 31.03.2018
- Other Employee benefits (current) includes ₹ \_\_\_\_ crore provided for superannuation benefits @ 9.84% as on 31.03.2018.
- National Coal Wage Agreement (NCWA)-X for non-executive employees effective from 01.07.2016 was finalized on 10th October 2017 and payment of salary to Non executive employees as per NCWA X has been started from October 2017. Provision against arrear salary for NCWA X amounting to ₹ \_\_\_\_ lakhs has been made for the period from 01.04.17 to 30.09.2017 resulting total provision of ₹ \_\_\_\_ lakhs for the period from 01.07.2016 to 30.09.2017. An advance amounting to Rs \_\_\_\_ lakhs has been paid in October 2017 against above arrears which is net off with the provision as shown in Note 21.
- Department of Public Enterprises (DPE) vide Office Memorandum (OM) NO. W-02/0028/2017-DPE(WC)-GL-XIII/17 dated 3rd August, 2017 has circulated the approval of the Government of India regarding the guidelines of the revision of pay and allowances of Board level and below Board level Executives and non-unionized supervisors of Central Public Sector Enterprises (CPSEs) w.e.f 01.01.2017. Pending final implementation of these guidelines, the provision for executive pay revision @ Rs.18000/- per employee (Executive) per month, considering estimated impact of increase in all elements of executive salary (including the employer's PF contribution), other employee benefits and all superannuation benefits like Gratuity etc., covering the period 01.01.2017 to 31.03.2018, for ₹ \_\_\_\_ lakhs has been made in the financial statements.

**(b) Fair value hierarchy**

Table below shows Judgements and estimates made in determining the fair values of the financial instruments that are (a) recognised and measured at fair value and (b) measured at amortised cost and for which fair values are disclosed in the financial statements. To provide an indication about the reliability of the inputs used in determining fair value, the company has classified its financial instruments into the three levels prescribed under the accounting standard. An explanation of each level follows underneath the table.

Financial assets and liabilities measured at fair value – recurring fair value measurement	31 <sup>st</sup> March 2018			31 <sup>st</sup> March 2017		
	Level I	Level II	Level III	Level I	Level II	Level III
<b>Financial Assets at FVTPL</b>						
Investments :

<b>Financial Liabilities</b>						
If any item	-	-	-	-	-	-

Financial assets and liabilities measured at amortised cost for which fair values are disclosed at 31 <sup>st</sup> March, 2018	31 <sup>st</sup> March 2018			31 <sup>st</sup> March 2017		
	Level I	Level II	Level III	Level I	Level II	Level III
<b>Financial Assets at FVTPL</b>						
Investments :						
Equity Shares in JV						
Mutual Fund						
<b>Financial Liabilities</b>						
Preference Share						
Borrowings						
Trade payables						
Security Deposit and Earnest money						
Other Liabilities						

The Company uses the judgments and estimates in determining the fair values of the financial instruments that are recognized and measured at fair value. To provide an indication about the reliability of the inputs used in determining fair value, the Company has classified its financial instruments into the three levels prescribed under the accounting standard. An explanation of each level is given below.

Level 1: Level 1 hierarchy includes financial instruments measured using quoted prices.

Level 2: The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximize the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level

This is the case for unlisted equity securities, preference shares, borrowings, security deposits and other liabilities taken included in level 3.

**(c) Valuation technique used in determining fair value**

Valuation techniques used to value financial instruments include the use of quoted market prices of instruments

**(d) Fair value measurements using significant unobservable inputs**

At present there are no fair value measurements using significant unobservable inputs.

**e) Fair values of financial assets and liabilities measured at amortised cost**

- The carrying amounts of trade receivables, short term deposits, cash and cash equivalents, trade payables are considered to be the same as their fair values, due to their short-term nature.
- The Company considers that the Security Deposits does not include a significant financing component. The milestone payments (security deposits) coincide with the company's performance and the contract requires amounts to be retained for reasons other than the provision of finance. The withholding of a specified percentage of each milestone payment is intended to protect the interest of the company, from the contractor failing to adequately complete its obligations under the contract. Accordingly, transaction cost of Security deposit is considered as fair value at initial recognition and subsequently measured at amortised cost.

**Significant estimates:** the fair value of financial instruments that are not traded in an active market is determined using valuation techniques. Company uses its judgement to select a method and makes suitable assumptions at the end of each reporting period.

## **2. RISK ANALYSIS AND MANAGEMENT**

### **Financial risk management objectives and policies**

The Company's principal financial liabilities comprise loans and borrowings, trade and other payables. The main purpose of these financial liabilities is to finance the Company's operations and to provide guarantees to support its operations. The Company's principal financial assets include loans, trade and other receivables, and cash and cash equivalents that is derived directly from its operations.

The Company is exposed to market risk, credit risk and liquidity risk. The Group's senior management oversees the management of these risks. The Group's senior management is

supported by a risk committee that advises, inter alia, on financial risks and the appropriate financial risk governance framework for the Group. The risk committee provides assurance to the Board of Directors that the Group's financial risk activities are governed by appropriate policies and procedures and that financial risks are identified, measured and managed in accordance with the Group's policies and risk objectives. The Board of Directors reviews and agrees policies for managing each of these risks, which are summarised below.

The Group is exposed to market risk, credit risk and liquidity risk. This note explains the sources of risk which the entity is exposed to and how the entity manages the risk and the impact of hedge accounting in the financial statements.

Risk	Exposure arising from	Measurement	Management
Credit Risk	Cash and Cash equivalents, trade receivables financial asset measured at amortised cost	Ageing analysis	Department of public enterprises (DPE guidelines), diversification of bank deposits credit limits and other securities
Liquidity Risk	Borrowings and other liabilities	Periodic cash flows	Availability of committed credit lines and borrowing facilities
Market Risk-foreign exchange	Future commercial transactions, recognised financial assets and liabilities not denominated in INR	Cash flow forecast sensitivity analysis	Regular watch and review by senior management and audit committee.
Market Risk-interest rate	Cash and Cash equivalents, Bank deposits and mutual funds	Cash flow forecast sensitivity analysis	Department of public enterprises (DPE guidelines), Regular watch and review by senior management and audit committee.

The company risk management is carried out by the board of directors as per DPE guidelines issued by Government of India. The board provides written principals for overall risk management as well as policies covering investment of excess liquidity.

- A. Credit Risk:** Credit risk arises from cash and cash equivalents, investments carried at amortised cost and deposits with banks and financial institutions, as well as including outstanding receivables.

**Credit risk management:**

Macro - economic information (such as regulatory changes) is incorporated as part of the fuel supply agreements (FSAs) and e-auction terms

**Fuel Supply Agreements**

As contemplated in and in accordance with the terms of the NCDP, we enter into legally enforceable FSAs with our customers or with State Nominated Agencies that in turn enters into appropriate distribution arrangements with end customers. Our FSAs can be broadly categorized into:

- FSAs with customers in the power utilities sector, including State power utilities, private power utilities (“PPUs”) and independent power producers (“IPPs”);
- FSAs with customers in non-power industries (including captive power plants (“CPPs”)); and
- FSAs with State Nominated Agencies.

## E- Auction Scheme

The E-Auction scheme of coal has been introduced to provide access to coal for customers who were not able to source their coal requirement through the available institutional mechanisms under the NCDP for various reasons, for example, due to a less than full allocation of their normative requirement under NCDP, seasonality of their coal requirement and limited requirement of coal that does not warrant a long-term linkage. The quantity of coal to be offered under E-Auction is reviewed from time to time by the MoC.

### A. Liquidity Risk

Prudent liquidity risk management implies maintaining sufficient cash and marketable securities and the availability of funding through an adequate amount of committed credit facilities to meet obligations when due. Due to the dynamic nature of the underlying businesses, group treasury maintains flexibility in funding by maintaining availability under committed credit lines.

Management monitors forecasts of the group’s liquidity position (comprising the undrawn borrowing facilities below) and cash and cash equivalents on the basis of expected cash flows. This is generally carried out at local level in the operating companies of the group in accordance with practice and limits set by the company.

#### (i) Maturities of financial liabilities

The tables below analyse the group’s financial liabilities into relevant maturity groupings based on their contractual maturities.

The amounts disclosed in the table are the contractual undiscounted cash flows. Balances due within 12 months equal their carrying balances as the impact of discounting is not significant.

<b>Contractual maturities of financial liabilities 31.03.2018</b>	<b>Less than 3 months</b>	<b>3 months to 6 months</b>	<b>6 months to 1 year</b>	<b>1 year to 2 years</b>	<b>2 year to 5 years</b>	<b>Total</b>

Other financial liabilities	900.38					900.38
<b>Total</b>	<b>900.38</b>					<b>900.38</b>

## B. Market risk

### a) Foreign currency risk

The group is exposed to foreign exchange risk arising from foreign currency transactions. Foreign exchange risk in respect of foreign operation is considered to be insignificant. The group also imports and risk is managed by regular follow up. Company has a policy which is implemented when foreign currency risk becomes significant.

### b) Cash flow and fair value interest rate risk

The Company's main interest rate risk arises from bank deposits with change in interest rate exposes the Company to cash flow interest rate risk. Company policy is to maintain most of its deposits at fixed rate.

Company manages the risk using guidelines from Department of public enterprises (DPE), diversification of bank deposits credit limits and other securities
