Dear Sir,

It has been observed that in some cases, the delay in finalization of closure of contracts is due to the delay in contractor's acceptance of final measurement in the M.B. In this regard, it is advised that the contractor shall be given sufficient opportunity as per clause no. 9.2, 9.3 & 9.4 of the General Terms and Conditions of the contract.

In case, the contractor or his representative still does not attend the office for acceptance of the final measurement/RE, necessary action shall be initiated without any further delay.

Further, timely payment of the RA bills as per the frequency mentioned in the contract documents should be ensured as it improves the work progress and contract management as a whole.

Yours faithfully

General Manager (Civil)/HoD, MCL
