क्र० सं० - सीआईएल/सी2डी/PM2020/SOP/Addendum/2024-25/ 816

दिनांक: 17.02.2024

Office Order / कार्यालय आदेश

विषय/Sub: Clarification regarding procurement of Safety Devices / Spares

संदर्भ /Ref:

i) CIL's O/o No. CIL/C2D/PM2020/SOP/564 dated 18.10.2023

ii) CIL's O/o No. CIL/C2D/PM2020/SOP/830 dated 02.02.2024

iii.) CIL's O/o No. CIL/C2D/PM2020/SOP/Addendum/2024-25/440 dated 02.09.2024

In order to bring uniformity in the procedure followed by all Subsidiaries, CIL had formulated a Standard Operating Procedure for identification and procurement of Critical Spares of HEMM and circulated vide O/o no. 564 dated 18.10.2023. Subsequently, vide O/o no. 830 dated 02.02.2024, a few clarifications, advisories and additions were issued for smooth implementation of the SOP. Further, vide addendum Office Order no. 440 dated 02.09.2024, MCL was declared as the Lead company for "Volvo Make Payloader - Model – L350H".

Certain queries were received from various subsidiaries of CIL with respect to procurement of Safety Devices / Spares. The clarifications to those queries are given below:

Sl No	Query	Clarification.
1.	Whether all safety devices (Proximity warning device, anti-collision device, AFDSS, tail gate protection, seat belts/seat belt reminders, auto dipping system, operator fatigue warning system, rear vision camera system, AVA etc.) are covered under the ambit of modification of clause 7 of SOP or it is meant only for Proximity warning devices/anti-collision devices?	As clarified by DDG (Mech.), DGMS through letter no DDG (Mech.)- 2024/326 dated 30.12.2024 all safety items covered in DGMS Technical Circular No 6 of 2020 and BIS standards mentioned therein will be covered under the ambit of clause 7 of clarification of SOP for procurement of critical spares issued by CIL vide office order no 830 dated 02.02.2024.
2.	In case of lead company declaring any of the above-mentioned safety devices as critical, methodology of procurement for the same may be indicated.	All safety devices for HEMM covered under DGMS Technical Circular No 6 of 2020 and BIS standards mentioned therein shall be excluded from the critical list and be procured through open tendering from proven sources whose performance have been found satisfactory. In such cases, the criteria of prior experience/turnover to MSEs & Startups shall not be relaxed.
3.	Whether modification of clause 7 of SOP is applicable for spares of safety devices too or it has been modified only for procurement of safety devices as a whole new system? For example, in case of spares of AFDSS, methodology of procurement of spares of already fitted AFDSS system may be clarified.	So as to ensure quality and compatibility with the existing safety system, the spares of safety devices may be procured from OEM, OES and OPM only.

This is issued with approval of the Competent Authority for information and compliance.

भवदीय,

17/02/25
