	of Solada, in presence of Hon'ble MLA, Talcher, CMD, MCL and other Dist. Level Officers, and MCL Officials, the Director (Personnel) MCL stated that MCL is not considering employment to the minors on the cutoff date and became subsequently major, as a member of nucleus family in case of the land oustee unwilling to take employment. In that case MCL is agreed to provide cash compensation in lieu of employment. Para- 8- II Type B-Mining Projects of Odisha R&R policy 2006 provides that, displacement and other affected family shall be eligible for employment by the project causing displacement. For the purpose of employment each family will nominate one member of the family at **Annexure- 4**. This may be discussed.	unmarried sister to the Project Displaced families in village Solada as per the amendment of Odisha R&R Policy 2006 vide resolution No. 29828-R&REH-1/2013/ R&DM. dtd. 05.08.2013. The authorities of MCL stated that since all major son, major grandson, major unmarried daughter, major unmarried granddaughter & major unmarried sister of the family as on cutoff date i.e. 30.10.2014 are eligible for employment, the cases of those families for providing further employment to the minor children on the cutoff date may not be considered. The decision of agenda No.10 regarding eligibility is to be applicable to this case.
5	**Providing employment to the wife due to subsequent acquisition of agricultural homestead land and dwelling house in case no eligible son and daughter is available in the family on the cutoff date.** This issue was discussed in the meeting held on 30.11.2016 under the Chairmanship of Collector, Angul with the villagers of Gopal Prasad & MCL officials. The Director (Personnel), MCL stated that family means the person & his or her spouse, minor sons, unmarried daughters, minor brothers or unmarried sisters, father, mother & other members residing with him or her and dependent on him or her for his/ her livelihoods as per Paragraph 2(f) of Odisha R & R Policy, 2006. Since the wife is the part of family, she is not eligible to get separate employment for further acquisition of agriculture land, dwelling house in subsequent stages as her husband has already been employed earlier. It was decided to place this issue for detailed deliberation & decision in the RPDAC.	After threadbare discussion it was decided that the wife is eligible to get employment on subsequent acquisition of agriculture, homestead & dwelling house, if it is not his second home in case the family has no major son and major unmarried daughter on the cutoff date. Clarification of Govt. in Rev. & D.M Deptt. has been issued in this regard vide letter No. 14284 dt. 10.04.2007.
6	**Providing employment to women divorcee where Court has observed that she was separated from husband prior to cutoff date, but marriage dissolved after cutoff date.**	The Chairman opined that the orders of Court is the date for dissolution of marriage for consideration of employment. Hence the divorcee who has got decree after cutoff

	MCL is not agreed to provide the employment to the women divorcee whose marriage has been dissolved after Cut-off-date. MCL is taking the final date of disposal by Court as the date of separation.	are not considered for employment. The members of the committee suggested to consider the cases who had filed case prior to cutoff date but obtained decree after cutoff date. Therefore, it was decided the Spl. LAO, MCL, Angul and General Manager of the concerned Area to examine pending cases on above consideration within one month and submit a report to the Collector for approval. CMD, MCL agreed to the decision.
7	**Providing employment to the valid adoption deed in case the name of adoptive father & mother has not been mentioned in the certificate issued by Board of Secondary Education, Odisha or from other higher institution.** MCL is not agreed to provide employment to adopted son & daughters as member of nucleus family in case the adoptee father & mothers name has not been mentioned in the Certificate issued by Board of Secondary Education, Odisha or from other higher institution even if the adoption deed is found valid as per the opinion of Govt. Pleader.	After threadbare discussion the Chairman opined that MCL to consider the valid adoption deed in respect of pending cases for employment even if the adopted son/ daughter is not able to produce certificate from the Board of Secondary Education, Odisha changing his/ her adoptee father/ mother's name. The Spl. LAO, MCL, Angul & General Manager concerned Area are directed to examine these pending proposals on case to case basis regarding validity of adoption deed within one month and submit a report to Collector for approval. CMD, MCL agreed to the decision.
8	**Providing employment to the land oustee Category I & II and cash compensation other categories under Odisha R&R Policy 2006, if the tenancy land will be acquired in respect of non Coal bearing Area for the purpose of resettlement site for accommodation of Project Displaced Families of MCL.** As per Para-3 of Letter No. 671/ R & D.M Dt. 05.01.2012 of Revenue Disaster Management Department, Govt. of Odisha, that R & R Colony is an integral part of the mining project and the displaced family shall be entitled for the same R & R package as in the case of mining project. Only	The MCL authorities informed the House that MCL is considering employment to displaced families coming under coal bearing areas. There is no instruction from the Ministry of Coal to provide employment for acquisition of non coal bearing area for the purpose resettlement site. It was decided that MCL should move the Ministry of Coal, Govt. of India for consideration of above issue.

	in the cases where land is to be acquired for roads beyond the mining area, the R & R benefits may be regulated by the R & R package applicable for linear projects at **Annexure- 5**. But MCL is not agreed to provide employment in case acquisition of tenancy land in non coal bearing area for this purpose. The opinion of MCL is that employment can be provided on acquisition of land in Coal bearing areas only.	
9	**Providing cash compensation in lieu of plot in case of non-availability of Govt. land or tenancy land for accommodation of project displaced families.** At present 5208 Project displaced Families have not been provided with resettlement plot due to non availability of non-forest Govt. and non coal bearing area or tenancy land. In the meantime, MCL has enhanced the rate of cash compensation in lieu of plot from ₹ 3.00 lakh to ₹ 6.00 lakh with effect from 01.11.2016 at **Annexure- 6**. But the P.D.Fs. are not agreed to receive cash compensation although they have already been provided employment. The market rate of the land in and around Talcher and Kaniha area is more than the amount of compensation for resettlement plot. Very often time, this issue is causing stoppage of mining activities. Due to scarcity of Govt. land as well as tenancy land, the resettlement plot with an area @ Ac. 0.10 to each PDF may not be possible. Hence, a decision may be taken in case of the PDF opts a plot he may be provided a plot of an area of Ac. 0.05 and cash compensation for the rest area of A. 0.05. Hence M.C.L. may be advised to enhance the amount of compensation amount more so as to encourage the P.D.Fs. to accept the cash compensation for Plot instead of demanding resettlement plot.	The members of the Committee suggested that the present amount of Rs. 6.00 lakh for resettle plot is to be enhanced to Rs. 16.00 lakh so that the displaced families who have not yet shifted dismantling their dwelling houses etc. will accept the amount and shift voluntarily to their self relocation. The members of the Committee also suggested for enhancement of cash compensation in lieu of employment from Rs. 16.00 lakh to Rs. 32.00 lakh. After threadbare discussion it was decided that MCL authorities should take necessary steps for obtaining approval from their competent authorities for payment of cash compensation in lieu of plot @ Rs. 16.00 lakh and cash compensation in lieu of employment @ Rs. 32.00 lakh. The CMD, MCL agreed to the proposal and requested for shifting of all PDFs on receipt of compensation in higher rate.
10	**Fixation of cutoff date for providing R&R benefits to the eligible PAFs in accordance with the amendment made by Govt. in Revenue & D.M. Deptt.** The R&R benefits are being provided to the eligible land oustee/ nominees considering their age as on cutoff date as per the decision taken in the 2nd RPDAC meeting held on 22.06.2007 and	The members of the Committee informed the House that MCL is not implementing the Odisha R&R policy 2006 in toto. As per amendment of Odisha R&R policy vide resolution No. R&REH-31/2017- 43265/ R&DM Dt. 15.12.2017 for the purpose of

subsequent clarification of RDC, ND, Sambalpur – cum- Chairman, RPDAC, MCL vide letter No. 96/LA. Dt.16.01.2008 at **Annexure- 7**. Para -2 (c) – Note of Odisha R&R Policy 2006 has been amended vide Resolution No. 43265/R&DM. Dt. 15.12.2017 as follows at **Annexure- 8.** "for the purpose of declaring eligibility for R&R benefits,, only the 1st date of January of the year in which physical displacement is scheduled to take place i.e. when the collector issues certificate of completion of resettlement. Government would give one date and once for all for declaring the eligibility of the deserving persons/ families to the R&R benefits. The families deciding to opt for self –relocation would also be bound by the said cutoff- date. In case the entire village opt for self relocation the 1st January of the year in which the 1st installment of R&R assistance is paid or ordered to be paid to the displaced families of the village shall be the cutoff date for determining eligibility for R&R assistance". Besides, as per amendment in the 1st proviso to Para 7 of Odisha R&R Policy, the 1st option of displaced families for resettlement and rehabilitation can be changed within a period of six months from the date of exercise of 1st option. This issue may be discussed regarding continuance of present system of cutoff date i.e. date of passing award for providing R&R benefit or to implement the decision of Govt. as amended as on 15.12.2017 because MCL is not agreed to provide R&R benefits twice to a particular family losing same land and structure considering the date of passing of award as cutoff date and 1st January of the year in which the Physical displaced is scheduled to take place	declaring eligibility for R&R benefits, only the 1st date of January of the year in which physical displacement is scheduled to take place is to be taken as cutoff date to provide R&R benefits. MCL has provided employment in 9 villages as per the Odisha R&R policy 2006 basing on the cutoff date i.e. passing of award by Ministry of Coal Govt. of India but the PDFs have not shifted due to non availability of resettlement plot. Therefore, the Committee suggested that the minor son, grandson, daughter, granddaughter and sister who have attained major or to be major on the 1st date of January of the year in which the physical displacement to take place they may be provided employment. The MCL authorities, stated that MCL has provided employment to the PDFs abiding decision taken in the 2nd RPDAC meeting held 22.06.2007 and subsequent instruction of RDC (ND) Sambalpur vide letter No. 96 XLII-56/07 / 96 dt. 16.01.2008 of A.F.A - cum- Under Secretary, to RDC (ND) Sambalpur. The latest resolution, Govt. of Odisha that 1st January in which physical; displacement is scheduled to take place will be the cutoff date and when the Collector issues certificate of completion of resettlement, can be implemented for the villages in which no employment benefit has been processed till date but not in villages where employment has already been processed/given. After threadbare discussion the following decisions were taken.

5

		1. The Odisha R&R policy- 2006 as amended on 15.12.2017 shall be implemented prospectively in respect villages under process for payment of compensation and R&R benefits and the villages to be processed in future. 2. The minor on the cutoff date but now major and to be major on the 1st January of the year in which physical displacement scheduled to take place for providing employment contravenes the provisions of Odisha R&R Policy, 2006. Therefore the cases of minor shall be referred to Govt. for clarification / decision. 3. The existing practice for providing employment as per the decision of 2nd RPDAC meeting of MCL held on 22.06.2007 to be continued till receipt of clarification of Govt.
11	**Providing cash compensation/ Annuity in lieu of employment in case of original family/ separate family who are not interested to take job instead of nominating female nominees for employment.** MCL is not agreed to provide employment to female nominees as females are prohibited to work in the mining areas as per provision of Mining Act. Therefore MCL is suggested for providing cash/ annuity in lieu of employment in case the land owner is unwilling to take employment. Keeping in view, MCL has enhanced the cash compensation in lieu of employment from Rs. 10.00 lakh to Rs. 16.00 lakh with effect from 01.11.2016.	The committee decided that MCL will provide employment/ cash in lieu of employment/ annuity as per option given by the PDF.
12	**Providing R&R benefits to the PDFs/ PAFs of village Patharamunda considering the balance land deemed to have been acquired under Odisha R&R Policy 2006.**	The members of the Committee suggested that finalization of rehabilitation benefits to the land losers of village Patharmunada will

	An area of Ac. 109.69 non forest Govt. land was identified in village – Takua for resettlement of 684 PDFS of village – Jarada. But due to stiff resistance of the villagers of Takua MCL has been requested to provide land from their acquired land under C.B.A. in village – Patharmunda for the purpose. Since the land of village- Patharmunda is non coal bearing area and acquired for the purpose of O.B. dump etc., the Ministry of Coal has approved an area of Ac. 200.06 out of their acquired land Ac. 556.13 including Ac. 284.77 tenancy land at **Annexure- 9**. The villagers of Patharmunda are obstructing for infrastructure development work at approved resettlement site for the PDFs of village – Jarada demanding rehabilitation and resettlement plot in their own village. Out of total land of Ac. 668.64 of village – Patharmunda, an area of Ac. 556.13 has been acquired by MCL. The percentage of acquisition is 84.13 of total land and 79.12 of tenancy land. The balance tenancy land is mainly Basti area and houses. Due to non acquisition of homestead land and dwelling house the majority land losers family are not coming under category I and II for R&R benefits. The C.M.D., MCL has been requested vide Dist. Office letter No. 1469/LAMCL. DT. 20.07.2017 to provide R&R benefit considering the balance land to be deemed acquired at **Annexure- 10**. Shifting of PDFs of village – Jarada is long standing issue and the villagers are frequently obstructing the mining activities and not allowing the area already acquired by MCL for coal extraction. They have also not co-operating for passing of Gram Sabha resolution for issue of NoC under FRA in respect of 45.72 ha. forest land. If the issue of village- Patharmunda will be finalized, then MCL will be able to get vast land in village – Jarada and Forest land of 45.72 ha for mining activities. Besides, the PDFs of other villages can also be accommodated on the area already been approved by the Ministry of Coal for resettlement site. This may be discussed and decision taken.	solve the resettlement issue of PDFs in respect of village Jarada, Kansamunda, Jamania & Adwaitaprasad. Since more than 84.13% of land has been acquired in village Patharmunda, the balance tenancy land mainly Basti area should considered as deemed to be acquired for the purpose of providing rehabilitation benefit to the land loser of village Patharmunda. After threadbare discussion the House recommended that the balance area measuring of Ac. 66.434 tenancy land may be treated as deemed to be acquired for consideration of rehabilitation benefit to the land losers of village Patharmunda. MCL shall move the proposal to Ministry of Coal, Govt. of India for approval as a special case. This will solve the major problems of resettlement sites and help MCL for higher coal production. CMD, MCL agreed to the above decision.
13	**MCL is not considering providing employment to the handicapped of more**	It was decided that all the pending

	than 40% in case of handicapped certificate issued by the competent authority issued after Cut-off-Date. As per Paragrah - 2 (f) (iii) Odisha R & R Policy 2006- (iii) Physically and mentally challenged person irrespective of age and sex; (duly certified by the authorized Medical Board). For this purpose, the blind/ the deaf/ the orthopedically handicapped/ mentally challenged person suffering from more than 40% permanent disability will only be considered as separate family. But the certificates issued after the cut-off date is not being considered by MCL to provide employment	handicapped cases are to be examined by Spl. LAO, MCL and General Manager of concerned Area and submit a report to the Collector for approval. CMD, MCL agreed to the decision.
14	**Approval of 1088 PDFs of village Kalamachhuin for providing resettlement benefit.** A list of 1512 Project Displaced Families of village – Kalamchhuin has been jointly identified for providing resettlement plot. But the G.M Hingula Area has resubmitted a list of 1088 PDFs for providing plot by excluding 431 PDFs of following categories for approval by RPDAC.	After threadbare discussion it was decided that Collector will form a Sub- Committee for detail examination of the proposal submitted by General Manager, Hingula area and submit the list of eligible PDFs to Collector for approval of resettlement benefit in respect of village Kalamachhuin.

1	Father + unmarried major son	214
2	Widow mother including major married son / major unmarried son	116
3	Grand son	93
4	Unmarried daughter more than 30 years	05
5	Disability	01
6	Married daughter	02

The major unmarried son & father, the married son & major unmarried son with widow mother have been considered for one plot jointly instead of two plots for the family. The Govt. of Odisha in Revenue & DM Deptt. vide their letter No. 671 Dtd. 05.01.2012 at Para- 4 **Annexure- 5** advised MCL to provide house site etc. separately to the

	original family as well as to each of the separate family as per the Odisha R&R policy 2006. Original family means the family, which at the time of notification under provisions of relevant Act.(s) is leaving together in a single house hold with a common kitchen. Prior to de-notification of the Basti area, MCL has provided employment to 127 land losers/ nominees as package deal to facilitate shifting of entire village to the new resettlement site at Kuio Jungle. MCL is not considering to provide employment to 27 nominees identified later on due to de notification of the Basti area of their family. In the Sub-Committee meeting held on 02.08.2013 this	Members including Hon'ble M.L.A, Talcher and M.P, Dhenkanal requested MCL to consider the rest of 27 cases as de-notified of Basti area as per as practicable. The Chairman opined that the decision of Sub-Committee Meeting held on 02.08.2013 is final. Hence the hearing on WP(C) cases pending in the Court of Collector should be disposed off accordingly.

The General Manager Jagannath Area has been requested vide Dist office letter No. 1355 dt.31.08.2015 to cause an enquiry to such left out cases and furnish the list with detailed status for taking further action at District level. The families of these grandsons have not yet shifted from the village due to non allotment of resettlement site. So their cases may be considered. Hence, MCL is requested to consider those cases for employment.
19	**Payment of differential cash compensation at enhanced rate in lieu of resettlement plot in case the land oustee neither received the sanctioned amount nor shifted by demolishing his dwelling house.** Cash compensation in lieu of resettlement plot	The members of the Committee stated that MCL may be advised to pay cash compensation in lieu of plot to the PDFs of village Gopal Prasad as decided by the MCL in presence of villagers. 21	**Providing employment to the land losers of village Kaniha under Uniform Guide line 1989.** The total area of village Kaniha is Ac. 544.10 (Tenancy Land Ac. 179.99 + Govt. Land Ac. 222.73 + Forest Land Ac. 141.38). Out of total	The land of village Kaniha and Kansamunda has been notified in 3 different phases for Kaniha Open Cast Projects and Gopalji Open Cast projects. The PDFs of Kansamunda have been considered for

	land an area of Ac. 305.71 (Tenancy Ac. 101.97 + Govt. Land Ac. 127.86 + Forest land Ac. 75.88) has been notified in three phases for Kaniha OCO & Gopalji OCP. The notified area of Ac. 45.50 including Tenancy land Ac. 13.21 and Ac. 167.07 in 2nd phase including Ac. 51.54 tenancy land for Kaniha OCP, compensation awarded on 06.02.2001 and 09.01.2018 respectively. Taking into account the land acquired of 1st and 2nd phase for Kaniha OCP the Joint Committee recommended 25 land oustees/ nominees considerint their eligibility as on 1st phase cutoff date i.e. 06.02.2001 for vetting by MCL Hqrs. under Uniform Guideline 1989. The villagers are claiming for provision of R&R benefits in respect of notified area Ac. 93.13 including Ac. 37.22 tenancy land in 3rd phase for Gopalji OCP Under Uniform Guideline 1989 as this policy is more beneficial than the R&R policy 2006. This may be discussed. Details at Annexure- 18.	employment under Uniform Guidelines 1989. Therefore it was decided that the same principle should be adopted in village Kaniha as per decision taken in the 1st PLRRC meeting of Kaniha OCP, MCL held on 16.10.2015 under the Chairmanship of Collector .
22	**Providing employment to the son in Law as nominee of land oustee who have no son.** As per the decision taken in the 12the Rehabilitation Advisory Committee (RAC) and Periphery Development Committee (PDC) of Mahanadi Coalfields Ltd. Angul on dtd. 16.02.2005 at Agenda No. 2 (iii) the family in which there is no eligible nominee irrespective marital status as on cutoff date, change of nominee will be allowed in favour of wife and son in law considering the date of 12th RAC i.e. on 16.02.2005 at **Annexure-19**. Accordingly MCL is being considered for providing employment to the son- in Law as a nominee of land loser who have no son under Uniform Guide line 1989. But now MCL is not agreed to give employment to the son in law, the nominee of eligible land oustees as it is not coming under purview of Odisha R&R policy 2006. This may be discussed.	In the 12the RAC/ PDC of MCL, it was decided that the PDFs can nominate their Son- in- Law for employment on principle of one job against one job under Uniform Guideline 1989. But MCL is not agreed to provide employment to Son in Law as there is no such provision under Odisha R&R policy 2006. Committee decided to adhere to the provision of Odisha RR policy 2006.
23	**Declaration medically unfit by the NSCH Talcher on flimsy ground depriving the eligible land oustees/ nominees for employment.** Number of complaints has been received from the land losers that NSCH Talcher has declared medically unfit on flimsy grounds for which the eligible land oustees/ nominees are debarred from employment. MCL may be advised their doctors to be liberal on flimsy grounds.	Committee requested MCL that in case of land outees/nominees there should not be rejection on filmsy medical ground.

24	**(A) MCL to take steps to provide fund for CSR activities of the projects which are qualified by MCL Board and where NOC was issued by the Collector and also set up monitoring unit to complete the work in time line.** The Detailed Project Reports in respect of 42 qualifying projects amounting to Rs. 32514.766 lakhs have been submitted to MCL Hqrs. Out of 42 projects, only 23 projects amounting to 7542.8 lakh have been approved by the competent authority of MCL to take up the work under CSR activities of MCL. But so far 1861.427 lakh has been placed to the dist. Administration (at **Annexure- 20**). A review meeting was held on 03.11.2016 under the Chairmanship of Collector, Angul on CSR activities of MCL in presence all General Managers of Talcher coal fields area and Officials of CSR wings of MCL Hqrs. Since the CSR work of MCL was not satisfactory, the C.M.D, MCL has been requested vide Dist. Office letter No. 2210- dtd. 17.09.2016 at **Annexure- 21** to set up a monitoring unit by engaging experienced Engineers for faster execution of various CSR work of MCL to avoid discontentment among Project Affected People and frequent strike and disruption of mining activities. MCL to appraise the up to date position	After threadbare discussion the MCL authorities assured the House to approve the balance project proposals and place fund to District Administration. MCL also agreed to set up Monitoring Unit for completion of the CSR projects in time bound manner. MCL should discus with Collector in regular intervals on CSR works for smooth implementation.
	(B) Construction of Boundary wall of Rani Park at Talcher. The CMD MCL has been requested vide Dist. Office letter No. 1900 Dt. 07.10.2017 to take initiative for disposal of Civil suit No. 74/ 2011 or make alternative arrangement for construction of boundary wall of Rani Park at Talcher at the earliest at **Annexure-22**. But no intimation has been received from MCL. This may be discussed	MCL is agreed to take up construction of boundary wall at Rani Park, Talcher.
	(C) Construction of Main Gate and play Ground Gallery at Sub- Divisional Stadium Talcher. Sri Bibhudhendupratap Das, Brahmani Anchal Surakhya Parishad, Talcher has filed a representation on dtd. 05.12.2017 that in the year	MCL is agreed to take up construction of Main Gate and Play Ground Gallery at Sub-Divisional Stadium, Talcher.

	1998 construction of Sub- Divisional stadium was taken by the MCL. Till now (14 years passed) usable play ground (Field) gallery and main gate have not been done. Therefore he requested to instructed MCL authority to take up the above social welfare schemes as per CSR rule of Company Act at **Annexure- 23**. This may be discussed.	

Besides the above, the following agendas are placed herewith after kind permission of the chair.

Sl. No	Agenda	Decision taken
1	**Acquisition of left out balance land in village Natada.**	The members of the Committee informed that there was a proposal for acquisition of Ac. 1419.00 land in village Natada. But, MCL has acquired a part of the land of the village. The Spl. LAO, MCL stated that an area of Ac. 164.21 including Ac. 149.62 tenancy land has been notified u/s 4(1) and U/s 11(1) on dtd. 24.01.1985 and 13.02.1990 respectively under CBA (A&D) Act. 1957. PROCEEDINGS OF THE 11TH RPDAC MEETING IN RESPECT OF MCL PROJECTS OF ANGUL DISTRICT HELD ON 13.02.2020 AT 10 A.M. IN THE CONFERENCE HALL OF COLLECTORATE, ANGUL.

In the 11th RPDAC meeting of MCL Projects of Angul District was held on 13.02.2020 at 10 A.M. in the Conference Hall of Collectorate, Angul under the Chairmanship of **Revenue Divisional Commissioner (N.D) Sambalpur.**

The members present in the meeting are at **Annexure- 'A'.**

At the outset, Collector & District Magistrate, Angul-cum-Convener of the RPDAC meeting welcomed all the members and invitees present in the meeting. He highlighted the purpose of the meeting and pointed out that a number of issues have remained for discussion in the meeting for smooth functioning of Talcher Coalfields Area. Therefore he sought for co-operation of all the members of the committee in the discussion with a view to finding out solutions in respect of different issues. Thereafter, the Chairman of RPDAC also welcomed the members as well as the invitees present in the meeting and requested all to participate in the discussion & find out solutions of the problems experienced in the Coalfields, Talcher, so that the Coal extraction will go on smoothly as well as the affected people will get their livelihood. The Chairman requested the Collector to start the discussion agenda wise.

The Agenda wise discussion held and decision taken the meeting are recorded as follows.

Sl. No.	Agenda	Decision taken
1	**Confirmation of the proceeding of the RPDAC meeting of MCL held on 15.05.2018.** The proceeding of the 10th RPDAC meeting may be confirmed at **Annexure- 1.**	Proceedings of the 10th RPDAC meeting are confirmed after discussion.
2	**Review on action taken of the proceeding of the 10th RPDAC meeting held on 15.05.2018.** Action taken on the proceeding may be reviewed at **Annexure- 2.**	Action taken report submitted by MCL reviewed by the committee. MCL is advised to implement the left out decisions taken in the last RPDAC meeting at the earliest.

3	**Providing R&R benefits to left out land oustees of village Hiloi & Ekdal.** i. The left out families of village Hiloi & Ekdal whose land holdings have been acquired were also having land holdings in nearby un-acquired villages at the time of notification U/s 4(1) of CBA Act, 1957 of Ekdal village. ii. Since, the families were losing less than 2/3rd of total agricultural land along with homestead land, they did not come under priority category for availing R&R benefit. iii. These families sold their un-acquired land holdings in other villages, even after notification U/s 9(1)/11(1) so that they come under priority category of Odisha R&R Policy, 2006 for availing rehabilitation benefits. As per Clarification issued by Govt Of Odisha vide no. REH-4/95/28041/R dtd 19.06.1995, in order to determine the percentage loss of agricultural land and loss of dwelling house of the displaced/oustee family, land and dwelling house existing elsewhere in the district, outside the district or State be pulled together while considering eligibility for rehabilitation package and concerned land losers to file an affidavit that he has no other agricultural land elsewhere in the state of Odisha. (**Annexure-3**). iv. Clarification was sought from Govt. vide Dist. Office letter No. 1265 dt. 29.07.2019, that the land losers who have disposed off their land after 11(1) notification and before passing of award in the peripheral / nearby villages need to include under category I & II for availing the benefit of employment at **Annexure-4.**	The tenancy land of village Hiloi & Ekdal was notified U/s 4(1) & 11(1) of CBA (A&D) Act. 1957 on 26.09.2009 & 24.10.2011 respectively. The award for land and structure was approved by the MCL Hqrs. for village Hiloi & Ekdal on dt. 27.07.2017 & 06.01.2018 respectively. Accordingly, the Cut-off date was fixed as per the award date of the above villages and the list was prepared & sponsored to provide employment. The MCL has taken all the acquired land along with other un-acquired lands of land loser in other villages for assessing category under Odisha R&R Policy 2006. Thereafter some land losers, have already sold their un-acquired land in other villages after 4(1) notification due to certain domestic compulsion and after sale of the land, though they come under category– I & II, are being deprived of availing R&R benefits. After threadbare discussion, the committee suggested that, the land losers who have disposed off their un acquired land prior to 11(1) notification should not be included while determining the category to provide employment. The CMD, MCL, taking it as a special case, agreed to the proposal.

	After careful consideration of the matter Govt. in Revenue Deptt. have advised vide letter No. 33713 / R&DM dt 01.11.2019 to place the matter before the RPDAC and resolve the same at the earliest at ***Annexure-5.***	
4	**Shifting of village Jarada** • Land measuring area Ac 820.48 has been acquired in village Jarada for Kaniha OCP under Kaniha Area in two phases. Compensation in respect of 1st phase acquisition amounting to Rs. 26.44 Crores has already been sanctioned and disbursed. Award of compensation of land and other interest in respect of 2nd phase acquisition is under process. • 489 employments have been provided. • Village is urgently required to be shifted for mining operation. The shifting of Jarada village is pending since 2011. After disposal of WPC Case No.22094 of 2015 on 05.08.2019 alienation case measuring an area of Ac. 76.18 Govt. non forest land requires change of category are the case land has been reserved under category A,B,C,D in the master plan approved by the RDC (ND), Sambalpur. There after proposal will be submitted to Govt. for sanction of advance possession.	After threadbare discussion, it has been decided by the committee that MCL to provide employment to the land losers of village Patharamunda within 04 months for allotment of resettlement plot to the PDFs of village Jarada in the resettlement site Patharamunda, which has been approved by the TAMDA. There after the villagers of Jarada to be shifted to the newly resettlement site Patharamunda for smooth running of Kaniha OCP.
5	**Shifting of Public Infrastructure i.e. Hingula High School, Khemei School, Gopalprasad police outpost and other public institutions.** Solada and Kalamchhuin villagers are against shifting of these infrastructures to outside, as the villages have not been shifted yet. As per the villager's opinion, the public infrastructure should be shifted to land of Birabarpur village which is not feasible as it is an acquired coal bearing area. Alternative site in village Danara was proposed to the villagers but it was not accepted by them on the ground that it is in a different Panchayat. Identification of suitable land for shifting of these public infrastructures to be expedited.	The committee suggested that, suitable available land to be identified for shifting of all Public Institutions of village Gopalprasad, Solada & Kalamachhuin. After availability of land through acquisition in village Kochianali, the College will be constructed there. Before physical displacement, general notice be issued to the villagers of Kochianali and after disposal of their grievances, if any, the MCL will take possession of the land and start construction of infrastructure work.

6	**Passing of Award of village Kansamunda notified Gopalji OCP.** An area of Ac. 537.94 tenancy land of village Kansamunda has been notified for coal mining project of Gopalji OCP. The land lost by the villagers Kansamunda under Kaniha OCP in 1st and 2nd phase including notified area under Gopalji OCP have been provided employment, but the land losers losing land for Gopalji OCP exclusively are frequently approached District Administration and MCL Officials for early passing of Award to enable them for R&R benefits. But the land losers family of village Kansamunda who have got employment are not allowing to complete the survey and measurement of structures of Gopalji OCP. This may be discussed and decision is to be taken.	After discussion in details on Gopalji OCP, it has been decided that the Sub-Collector, Talcher will hold a meeting with villagers of Kansamunda, Spl. LAO, MCL Angul, G.M. Kaniha Area and sort out the issues at the earliest.
7	**Acquisition of left out tenancy land including Basti land of village Patharamunda.** In the meeting held on 26.08.2019, it has been decided MCL to take steps for acquisition of balance land of village Patharamunda under Right to Fair Compensation and Transparency in Land Acquisition, Rehabilitation and Resettlement Act 2013. But no effective action has been taken by the MCL till date for which the land losers of Patharamunda are creating disturbance for mining work of Kaniha OCP. This may be discussed and decision is taken	The CMD, MCL informed the house that the issue deemed acquisition of village Patharamunda is under active consideration of MCL. The Hon'ble MLA told that he has taken the issue of village Patharamunda at the level of State Govt. and accordingly the State Govt. has moved the matter to Coal Ministry Govt. of India. The committee suggested that, the employment case of village Patharamunda should be finalized within 04 months, so that the problems of shifting of village Jarada can be solved.
8	**Consideration of employment to 107 land oustees of village Kaniha who have lost fully/partly agricultural land but not loss of homestead land and dwelling house in original village.** MCL has provided employment to the land looser of Kaniha under Uniform Guidelines, 1989, but not agreed to provide employment to 107 land losers who have constructed their dwelling house on their agricultural land in village Kaniha and other acquired villages in Gopalji OCP. As they have lost their dwelling house along with agricultural land, this may be discussed and decision may be taken.	After detailed discussion, it is decided that, the land acquired previously by NTPC or N.H. be deducted from the total land of the land losers for determination of category. As regards houses, the matter be enquired properly and thereafter R&R benefits be provided to the eligible land losers.

9	**The land looser, who has no agricultural land anywhere, but loss of his/her all homestead land along with dwelling house and displaced from the project area.** **R&R benefits to be considered to the married daughter / nominee of the Category-I RT where no other eligible nominees are available.** In that case MCL is providing re-settlement benefit as displaced family, but no employment provided. So these cases may be considered for R&R benefits. Son-in-law of PDFs is provided employment as a nominee of land oustees as per clarification of Govt. vide letter No. 62285 dt. 06.10.1989 and decision of 12th RAC. Married daughter is not a part of land oustee family. Incase son-in-law is not willing to take employment the land oustees can nominated his one major grandson or granddaughter of his married daughter in principle of one job against one job.	As per the provisions under the order of preference of Odisha R&R Policy, 2006, Displaced Families losing all land including homestead land are entitled to get R&R benefits. But if a land loser has no agricultural land but he loses all his homestead land and dwelling house he is being taken under Category-V and is deprived of employment benefits. After threadbare discussion, it has been decided that a clarification may be sought for from Govt. in R & DM. Deptt., Odisha, Bhubaneswar in this regard. Further, it has been decided that a land loser who has no male child, but all daughters are married, in that case MCL to provide one employment from the families of his married daughters, with consent of the concerned land oustee, if he/she is coming under Category- I & II. .
10	**Providing employment to 80 nos. of D category (Uniform guidelines, 1989) land oustess of village Natedi & Acquisition of Ac. 08.89 tenancy land in village Natedi.** In the meeting held on 08.12.2016 under the Chairmanship of Collector, Angul in presence of CMD, MCL, this issue was discussed and CMD was agreed to relook the employment cases of these 80 nos. of 'D' category land oustees of village Natedi. In the said meeting it has been decided that MCL to examine this proposal whether the land is required or not for the purpose of coal mining operation. But no action has been taken by MCL till date. Decision of MCL is awaited.	After threadbare discussion, it has been decided that, the issue of village Natedi be placed before the Sub-Committee of MCL for deliberation and decision.

11	**Implementation of all provisions of Odisha R&R Policy-2006 and Subsequent Amendments thereto by updating the PDF List on the year of Physical displacement in terms of Clause 2(c) & it's note for providing Job rehabilitation & Resettlement benefits.** In the interest of MCL, the Management acquired agriculture land for Mining Operation without going for Resettlement ignoring the provisions of the R&R Policy-2006 by taking "Award Date" as "Cut-Off" date for both Job Rehabilitation & Resettlement without Resettlement Site. Such action of MCL is the main problem for the Oustees & Mining Activities. Because the Major PDFs on the year of Physical displacement became deprive for getting Job rehabilitation. **One time settlement** is necessary to avoid frequent obstruction & problems for mining activities. So that coal production of MCL will increase by early vacation of villages with settlement of the long pending grievances of the oustees. As per Odisha R&R Policy, 2006 amended vide Resolution No. 43265 / R&DM dt. 15.12.2017 the 1st January in which year the physically displacement is schedule to take place is cutoff date for eligibility of R&R benefits. This amendment is applicable prospectively w.e.f. 15.12.2017, but it is seen that the land losers of Project Displaced Villages are claiming employment considering cutoff date on the date passing of award at **Annexure- 6**.	It has been decided that, the matter be moved to Govt. in Revenue & D.M Deptt. for reconsideration to provide employment to the minors as on cut-off-date but subsequently become major in the village, where physical displacement has not taken place as yet.

12	**Providing employment to the wife or the minor nominees of the oustees under Subsequent Acquisition for different project under different notification as Category-I PDF.** Since the RT is losing all Agriculture, GB land including Dwelling house in the notified project area and becomes Category-I PDF due to mining activities in two or more phases of acquisition, they should not be deprived of their rights of livelihood & living under the law of the country. Before the subsequent acquisition, the PDF has got employment by losing small quantity of AG land only as per the then guidelines & also will be continued without losing further AG land, GB land & dwelling house. In similar cases under subsequent acquisition, the other PDFs are being extended R&R benefits to the nominees who are major on subsequent phase **"award date".** PDF losing all Agriculture land, GB Land & Dwelling house under the subsequent acquisition may treated same as fresh land acquisition Category-I PDF, where a minor nominee is consider for employment on attain of major in the concept of one job rehabilitation for Category-I PDF land oustees. The wife is not eligible to get employment on subsequent acquisition as per the clarification of Govt. Rev. & D.M Deptt. vide letter No. 34288 Dt. 05.11.2019. There is a no provision to provide employment to minor nominees on the cutoff date on subsequent acquisition. As per clarification of Govt. vide letter No. 34288 / R&DM Dt. 05.11.2019 at **Annexure- 7**.	It has been decided that, the issue be referred to Sub-Committee of MCL for discussion and decision.

13.	**In absence of specific period for acquisition of mining project MCL is taking 15-20 years after 4(1)/7(1) notification under LA/CBA Act respectively. Necessary directives should be made to MCL authority to complete the entire acquisition process within 03 year otherwise there should be de-notification to overcome the problem in acquisition.** There is a no provision under CBA (A&D) Act, 1957 for timeline to complete land acquisition proceeding after 7(1) notification. Therefore it creates law and order situation and stoppage of mining operation due to non completion of LA proceeding within 5 years from the date of notification. A timeline may be fixed maximum 03 years from the date of 4(1) notification under CBA (A&D) Act 1957 as per the provisions of RFCTLARR-2013.	The Hon'ble MP, Dhenkanal (Lok Sabha) & Hon'ble MLA, Talcher told that MCL is taking more than 10 years from the date of 4(1) notification under CBA (A&D) Act 1957 for payment of compensation and providing R&R benefits. As per the provisions under LA Act, 1894 & RFCTLAR&R Act, 2013, the acquisition process is being completed within 03 years from the date of notification. Due to delay in finalization of acquisition process by MCL most of the problems are cropped up, leading to law & order situations & disruption of coal production frequently. Therefore, the committee has suggested MCL either to complete the land acquisition proceedings along with R&R benefits within 03 years otherwise the entire process will declared null & void. The CMD, MCL informed the house that, for approval of coal mining projects, land within Coal Block area is acquired under CBA (A&D) Act 1957. However he agreed to bring the fact to the notice of Coal Ministry for necessary amendment of CBA (A&D) Act. 1957 to this effect.
14.	**Reclamation of Open Cast Mines by good earth and sand filling in underground Coalmines after extraction of Coal in terms of MoU.** The present system of water logging in underground mines is unsafe for human life. In opencast mine, the present system of ash filling will be the main cause of pollution, serious health	The committee suggested that, one General Manager be kept in-Charge of reclamation of Open Cast Project and sand stowing of underground mines. MCL to carry out the above work within 03 months. If any problem arises, the G.M. will contact personally to Sub- Collector, Talcher and SDPO, Talcher to sort out the

	hazard & scarcity of underground water. Decision has been taken earlier for reclamation of Open cast Mines by good earth and back filling of underground mining by sand. MCL to apprise the present status.	same immediately. CMD, MCL agreed to the decision.
15.	**As regards others point of the Agenda Note.**	As the other points of the Agenda Note has not discussed in the meeting, Chairman-cum-RDC, ND, Sambalpur directed the Collector, Angul to examine the points at his level and if required placed it in the Sub-Committee of MCL.

Lastly the Chairman suggested MCL to sort out any problem/ issues arise in the Talcher Coalfields area in a positive manner with promptitude in order to avoid Law & Order situation and for smooth running of coal mining operations in the Talcher Coalfields area for the larger interest of the State & Nation. The Dist. Administration will also make arrangements for holding of RPDAC meeting at regular interval to sort out the different issues. The committee suggested that, the following field level monitoring committee to be formed to sort out the problem/issues of Talcher Coalfields area and if the issues could not be sorted out at their level, it would be brought before the Dist. Administration.

1) Sub- Collector, Talcher:- (Chairman)
2) Spl. Land Acquisition Officer, MCL, Angul:- (Member & convener)
3) SDPO. Talcher:- (Member)
4) Concerned I.I.C of the Police Station:- (Member)
5) Concerned G.M:- (Member)
6) Local Sarpanch of the concerned area:- (Member)

PROCEEDINGS OF THE 12TH RPDAC MEETING IN RESPECT OF MCL PROJECTS OF ANGUL DISTRICT HELD ON 31.08.2021 AT 11.30 A.M. IN THE DRDA CONFERENCE HALL, ANGUL.

The 12th RPDAC meeting of MCL Projects of Angul District was held on 31.08.2021 at 11.30 A.M. in the DRDA Conference Hall, Angul under the Chairmanship of Revenue Divisional Commissioner (N.D) Sambalpur.

The members present in the meeting are at **Annexure- 'A'.**

At the outset, Collector & District Magistrate, Angul-cum-Convener of the RPDAC meeting welcomed all the members and invitees present in the meeting. He highlighted the purpose of the meeting and sought for co-operation of all the members of the committee in the discussion with a view to finding out solutions in respect of different issues. Thereafter, the Chairman of RPDAC also welcomed the members as well as the invitees present in the meeting and requested all to participate in the discussion & give their considered views so that the mining operation goes on smoothly as well as the R&R issues of affected people are addressed properly in a time bound manner. The Chairman requested the Collector to proceed with the discussion agenda wise.

The Agenda wise discussion held and decision taken the meeting are recorded as follows.

Sl. No.	Agenda	Decision taken
1	**Confirmation of the proceeding of the RPDAC meeting of MCL held on 13.02.2020.**	Proceedings of the 11th RPDAC meeting are confirmed after discussion.
2	**Review on action taken of the proceeding of the 11th RPDAC meeting held on 13.02.2020.**	Action taken report submitted by MCL reviewed by the committee and found that some of the decisions taken in the last RPDAC have not yet been complied / implemented by MCL. Therefore, the Chairman of the committee & other members expressed their displeasure due to non-adherence of the decision of the RPDAC. It is unanimously decided that the decisions taken earlier in previous RPDAC meetings are to be complied within next four months. Such pending cases shall be reviewed by the Sub-Committee for its timely compliance.
3	**Shifting of PDFs for smooth running of mines.**	At present Rehabilitation and Resettlement benefits are being provided by MCL as per the R&R Policy, 2006 & Rs. 6,00,000/- has been paid to each PDF in lieu of resettlement plot. To facilitate the displacement of the Project Displaced Families, MCL Board decided to pay Rs. 10.00 lakh as incentive, if the villagers are shifted at one go. The PDFs are demanding to pay Rs. 10.00 lakh as incentive along with other resettlement benefit amount at a time and a period of 12 months time for vacation of dwelling houses and basti land. After threadbare discussion it is decided that 50% of

		the incentive amount i.e. Rs. 5.00 lakh will be paid to each PDF along with other resettlement benefit on submission of affidavit by the PDFs for shifting within 06 months from the date of receipt of the said amount. Balance Rs.5.00 lakh will be disbursed by the MCL after fully shifting of the village. The CMD, MCL agreed to the decision, but he requested the house to take one month time for approval in their MCL Board. MCL was suggested to approve the said decision within the time limit. Further, the committee has suggested that MCL provide some financial assistance to the PDFs who are provided with plots at resettlement sites so as to encourage them for early shifting. MCL should take appropriate action in this regard.
4	**Demand of different villagers for payment of compensation of the structures constructed after notification U/s 9(1) of CBA (A&D) Act. 1957.**	After detailed discussion, the committee suggested that if the structures were constructed after 9(1) notification of the CBA (A&D) Act, 1957 and it is found that if the home is housing the extended family of the original land loser at present, these cases shall be considered for payment of compensation. A committee is to be formed under the Chairmanship of Sub-Collector to decide the eligibility on case to case basis for payment of compensation for such structures.
5	**Consideration for employment to the husband who will eligible to get employment as per Odisha R&R Policy, 2006 in case his wife got employment as unmarried nominee of her father.**	Employment is not being provided by MCL to the land oustee/nominee, if his wife has got employment benefit earlier as major unmarried daughter / nominee of her father on the ground that husband & wife treated as members of one family. The committee observed that as the land losers are different, his wife has got job at unmarried stage against her father's property, but if the family of her father-in-law lost land for coal mining purposes & the family entitled to get job, MCL cannot deny to provide service to her husband. The CMD, MCL is not agreed to the above suggestion on the ground that husband & wife belong to one family. It is therefore decided a clarification shall be sought for from Govt. in Rev. & D.M, Deptt. Odisha, Bhubaneswar in this regard with reference to earlier clarification issued by the Govt. vide letter No. 34288 / R&D.M dated 05.11.2019 by citing specific circumstances.
6	**Claiming R&R benefits by the major unmarried daughters of PDFs of village Solada.**	The committee observed that MCL has provided employment to the land looser / nominees by upgrading the land acquired in first phase & subsequent stage after 9(1) notification in the principle "one job against one job". In that case MCL now unwilling to provide another job to the major unmarried daughter against the said acquisition. After threadbare discussion it is decided if MCL provided employment in similar nature of case in

		village Kalamachhuin, these pending cases are to be examined and considered in same principle.
7	**A. Implementation of decision of 10th RPDAC meeting at Agenda No. – 16 in respect of village Balanda.** **B. Providing employment to the sponsored family debarred from employment due to wrong entry in the MCL records**	A. The Chairman of the committee expressed his displeasure for non-adherence of decision taken in the 10th RPDAC meeting till date. The CMD told that in the earlier RPDAC, the issue of Balanda was discussed & finalized not to entertain any other cases except 54 cases pending at that time. After threadbare discussion the committee opined that the pending 27 cases should not be ignored, if the family actually debarred from employment inspite of their eligibility. The Chairman of the committee suggested to resolve the pending issue of village Balanda within two months. B. Regarding providing employment to the family sponsored, but debarred from employment due to wrong entry in MCL record, that family is already provided employment. Therefore it is decided that in such cases shall be examined and disposed of within a time bound manner by the joint committee.
8	**Yadast and survey measurement of 10 villages of Subhadra Area for commencement of mining operation in Subhadra OCP.**	After threadbare discussion it has been decided, MCL to take necessary steps for notification of left out private land under Subhadra Open Cast Project relating to village Chhotabereni, Kankarei etc. As regards any problem caused delay by the land losers for survey & preparation of Yadast of Subhadra OCP, then the G.M to consult with District Administration to sort out the hindrance & engage more field staff to complete the work for the interest of the public.
9	**Provision for employment to the minor on cut-off-date but subsequent major as nominee of original family / land oustees**	As per Uniform guidelines, 1989, the major son is treated as separate family and getting employment. In case land loser who is not willing to take employment, he nominated his son who was minor on the cut-off-date, but subsequently becoming major for employment and MCL has also provided employment in the principle "one job against one job" as per the decision of the RAC. But MCL is not agreed now to provide further employment towards nucleus family, as all major sons, grandsons, major unmarried daughters, major unmarried sister now eligible to get employment as separate family after amendment of Odisha R&R Policy, 2006 on 05.08.2013. So the committee decided to get a clarification from Govt. in Rev. & D.M Deptt. Odisha, BBSR in this regard.

10	**In terms of Clause-7 (ii) of Odisha R&R Policy-2006, the displaced land oustees should not be evicted till the completion of the resettlement work including the infrastructures & development work as approved by RPDAC duly certified by the Collector.**	After detailed discussion it has come to notice that the MCL has not taken any sincere efforts to complete minimum basic amenities in the newly R&R sites which are under progress. Besides CMD, MCL brought to the notice that due to obstruction of the villagers of Danara, the infrastructure development work could not be started at R&R site Kochianali. It is decided that R&R sites under development should be completed in a time bound manner to facilitate the PDFs for early shifting. As regards Kochianali R&R site, the G.M has to make necessary arrangements for convening meeting time to time under the Chairmanship of Sub-Collector, Talcher to resolve the issues and early commencement of developmental works at Kochianali R&R site.
11	**Reclamation of Open Cast Mines by good earth and sand stowing in underground coal mines after extraction of coal in terms of MoU.**	The Chairman of the committee & all the local representatives expressed their displeasure for not taking up of reclamation of Open Cast Project & sand stowing in underground mines by MCL. After detailed discussion, it is decided that – the Deputy Director of Mines shall submit a detailed report regarding safety major of Open Cast Project & underground mines to the Collector for follow up action. MCL to appoint one General Manager to complete the reclamation & sand stowing work & he will submit a monthly progress report to the Collector for review.
12	**MCL to make a necessary arrangement for smooth functioning of Spl. Land Acquisition Office, MCL, Angul.**	After threadbare discussion regarding smooth functioning of Spl. Land Acquisition Office, MCL, Angul, it has been decided. MCL to make following arrangements. 1. One Sr. Advocate to be engaged as Law Officer with a monthly honorarium of Rs. 30,000/- per month to perform all the legal matters related to MCL. 2. One Class-D retired employee to be engaged with monthly remuneration of Rs. 10,000/- per month to work under Spl. L.A.O, MCL, Angul. 3. The remuneration of 02 Data Entry Operator – cum – Computer Programmer are now working in the office of Spl. L.A.O, MCL, Angul with monthly remuneration of Rs. 15,000/- per month & the annual remuneration amount to be deposited with Spl. L.A.O, MCL, Angul at a time in the month of April every year. 4. MCL to provide funds for purchase of Computer system along with all accessories and funds for construction of a room attached to Spl. L.A.O, MCL, Angul with Collector. The CMD, MCL agreed to it.
13	**A date line may be fixed in CBA (A&D) Act, 1957 for completion of Land Acquisition proceedings**	In the 11th RPDAC at Agenda No. 31, the CMD, MCL agreed to appraise the Ministry of Coal for completion of L.A proceeding under CBA (A&D) Act, 1957 within 03

	but there was a provision in Land Acquisition Act, 1894 and RFCTLAR&R Act, 2013 for completion of Land Acquisition proceedings within 03 years from date of 4(1) & 11(1) notification respectively. But MCL taking 10-15 years for completion of the L.A proceedings.	years alike the provision of RFCTLAR&R Act, 2013, but no fruitful action has yet been taken in this regard by MCL. Therefore the committee suggested that, MCL should complete L.A work within 03 years from the date of 4(1) notification for better interest of public & MCL.
14	**Selection of resettlement habitant by the RPDAC**	After threadbare discussion, it is decided that MCL shall acquire suitable private land for resettlement colony for Project Displaced Families for their accommodation & early shifting.
15	**Shifting of village Hensamul Sahara Sahi&TalaSahi**	After detailed discussion the following decisions are taken – 1. The MCL to complete all the infrastructures & development works within one month along with basic amenities etc. & take steps for shifting of the PDFs. 2. The left out claims for employment issues of Hensamul Saharasahi & Talasahi shall be placed before the joint committee under the Chairmanship of Sub-Collector, Talcher for finalization.
16	**Opening of Brahmani Coalfields Ltd. at Talcher**	The committee opined that Talcher Coalfields is one of the major projects for production and transportation of coal in comparison to other coalfields areas of MCL, Sambalpur. Accordingly, the committee suggested that the CMD, MCL shall move the proposal to the Ministry of Coal for opening of Brahmani Coalfields Ltd. at Talcher. CMD, MCL agreed to it.
17	**MCL to take up proposals under their CSR activities.**	A detailed discussion was made on CSR activities. Following decisions are unanimously taken: 1. MCL to open 03 no. of DAV Schools at Talcher Coalfield area & one at District Headquarters, Angul 2. MCL to make arrangements for functioning of Medical College & Hospital at the earliest. 3. The proposal approved by the Collector for CSR activities (other than proposal submitted by the G.Ms of Talcher Coalfields Area) should be taken on priority basis by the MCL.
18	**Other issues.**	The General Manager, Kaniha Area awarded compensation as per RFCTLAR&R, Act, 2013 taking into consideration Kaniha as Urban Area for calculation of multifactor value as per radial distance. But the land losers are demanding the radial distance for calculation of multifactor land value by taking Talcher Municipality Area instead of Kaniha.

		After threadbare discussion, it has been decided, a committee to be formed under the Chairmanship of Sub-Collector, Talcher for finalize the issues as per the provision of law.

Lastly the Chairman suggested MCL to sort out any problem / issue in the Talcher Coalfields area in a positive manner with promptitude in order to avoid Law & Order situation and for smooth running of coal mining operations in the Talcher Coalfields area for the larger interest of the State & Nation. The Dist. Administration will also make arrangements for holding of RPDAC / Sub-Committee meeting at regular interval to sort out different issues.

The meeting ended with vote of thanks to the Chair & all participants.

PROCEEDINGS OF SUB-COMMITTEE MEETING OF MCL, ANGUL HELD ON 12.11.2007 AT CONFERENCE HALL OF AUCCB, ANGUL.

Sri Girish S.N., IAS, Collector and District Magistrate, Angul was on the Chair.

The members present in the meeting are at Annexure-"A".

At the outset, the Collector, Angul welcomed all the members and participants present in the meeting. Initiating the discussion, Collector, Angul informed the house that as per decision taken in the last sub-committee meeting held on 06.08.07, all individual cases has been jointly enquired by the MCL and State Govt. Official and the list thereof would be prepared area wise, village wise. Further he suggested that we may go ahead with discussion Area wise, individual wise and principle wise.

An elaborate discussion was made regarding the mode of discussion on the issues and it was finalized to have a detail decision as per guiding principle laid down in the agenda prepared for discussion from I(A) to I(M) and the cases referred previously and a fresh be decided accordingly.

The Collector, Angul wanted to know regarding the final decision of the list on job rehabilitation of all the areas of MCL in Talcher, except Jagannath Area who has not yet submitted the enquiry report on individual cases for which he submitted the list to the Rehabilitation Officer on dt 08.11.2007. it was found that the report although submitted in late, still not in proper format. Hence CGM, Jagannath Area was directed to submit the report immediately in proper format for consideration.

It was unanimously decided that, joint list prepared, be scrutinized by the GM L&R on behalf of MCL & the ADM, Angul on behalf of the District Admn, which will be sent by 20th November, 2007 to the MCLHQs. The D(P) MCL assured the house that the final list will be cleared by the FD within 15 days and communicated to the Area within next 10 days. Finalization of the clear cases by dt 31.12.07 unfailingly.

'The Hon'ble M.P., Deogarh suggested that the Estate Department of the Area needs to be equipped with sincere and genuine officers. Besides an officer of General Manager rank be posted with his headquarters at Talcher, so that the cases should not be referred to MCL headquarters which becomes a time consuming factor. The D(P), MCL present in the meeting agreed to the proposal and committed to do the needful within a short span of time.

Further he proposed that the R.O., MCL and concerned Spl LAO, MCL be placed at Talcher with their HQs along with staffs to provide immediate benefit to the land oustees, for which MCL should provide accommodation for the unit along with logistic support to the officers deployed from the state Govt side. The matter was discussed and the D(P), directed CGM, Jagannath Area to locate a suitable place for the office.

After threadbare discussion as per the agenda wise following decisions were taken:-

1. (a) **Job Rehabilitation to the illiterate woman nominees**

The Hon'ble M.P. expressed that nowhere the term illiterate has been defined as the person who does not have the minimum qualification of matriculation. The MCL is treating under metric qualified woman as illiterate and declining to offer a service as illiterate woman.

The Collector, Angul stated that in general the servive offered to most of the literate women is in mazdoor class for which there is no need of literacy. MCL should therefore, consider illiterate women cases. The Collector, Angul opined that the MCL should otherwise clarify it in writing that under matriculate are illiterate for taking further action in this regard.

(b) **Job Rehabilitation to the married daughter like**

(I) **R.T. of acquired land**

The matter was discussed and found that all the awardees are not R.T. but all the present R.Ts are awardees. The matter of job rehabilitation to married daughters who are the R.Ts may be considered after adding the property of her husband. This is because of the displacement of her parents.

(II) Awardees of the acquired land

The matter was discussed along with the clarification from Govt in Revenue & Excise Deptt. in letter No 5408 dt 30.01.92. The said clarification gives terms of defining a notional family. But here in these cases, the awardee herself is a married daughter. Therefore a liberal view needs to be taken regarding rehabilitation. Hence, the job rehabilitation of the married daughter who is an awardee of the acquired land may be considered as per the 89 policy and the categorization be assessed adding the property of her husband. This view may be placed before the next RPDAC for consideration and ratification.

1. <u>(c) Job Rehabilitation to the unmarried daughter</u>

The decision taken in Paragraph- 7(A)(I) of the 13th RAC meeting held on Dt 10.11.2005 which remain unchanged and accepted…. These tupe of cases are to be considered and compliance be submitted.

1. **(d) Family already availed R&R in SIL/Daughter case in one village, but land acquired in other village, whether R&R will be extended**.

In this regard, Government in Revenue & D.M. Deptt have clarified the above issue vide their letter No. 14284/R&DM dated 10.04.07 that "**R&R benefit is given to displaced persons. If somebody has already received R&R benefit in one village and the same family is losing land along with home and homestead in other village, he can be extended R&R benefit, if this home is housing the family at present. But if the family members have been provided with jobs, they can not nominate any member outside the family to be provided for a job again and if the home from which they are being displace now, is not their residence at present and it is a second home and homestead, no R&R benefit may be extended**." In view of the above clarification, it was decided that R&R benefit can be extended to the family members of those families who have already received R&R benefit in one village if the same family is losing land along with homestead and home which is housing the family at present.

1. (e) Family already availed R&R benefit in one village, but now loosing land in some other village, whether R&R will be extended.

The matter was discussed and it was decided to extend the job benefit as per clarification of Govt in Revenue & D.M. Deptt letter No. 14284/ R&DM dated 10.04.2007 that "**R&R benefit is given to displaced persons. If somebody has already received R&R benefit in one village and the same family is losing land along with home and homestead in other village, he can be extended R&R benefit, if this home is housing the family at present. But if the family members have been provided with jobs, they can not nominate any member outside the family to be provided for a job again and if the home from which they are being displace now, is not their residence at present and it is a second home and homestead, no R&R benefit may be extended."** In view of the above clarification, it was decided that R&R benefit can be extended to the family members of those families who have already received R&R benefit in one village if the family is losing land along with homestead which is housing the family at present.

1. (F) <u>ADOPTION CASES</u>

The adoption made as per the provision laid down in Hindu Adoption and Maintenance Act 1956, to be accepted for job rehabilitation by MCL, if there is no legal flaw in the adoption deed.

1. (G) The job rehabilitation to the physically handicapped person by treating them as a separate family

It was decided that according to the decision taken in the 13th RAC, the case of physically handicapped, widow/divorcee and unmarried daughter of 30 years or more will be treated as separate family for the purpose of R&R benefit.

1. (H) Persons constructed house over Taila kisam land i.e. other than Gharabari kisam land and having Gharabari kisam land.

The matter was discussed elaborately and it was contended that due to inadequate homestead land, many have constructed houses over other kisam of land like Taila. It was decided to conduct a detail enquiry in each case by the Sub-Collector, Talcher, Rehabilitation Officer and Spl Land Acquisition Officer, MCL regarding genuineness of these cases and a proper decision shall be taken by the Administration.

1(I) Persons constructed house Govt land and also losing agricultural and Gharabari land in the same village- whether R&R benefit will be extended or not.

The clarification issued by the Govt of Orissa in Revenue & D.M> Deptt vide letter No 14284/R&DM dated 10.04.2007 envisages that "**For persons constructing house on Government land, para 9 of R&R Policy 2006 should apply. However, if the person has other homestead land and has still encroached Government land, no compensation should be payable on the land or the dwelling house constructed in Government land. This is because; we can not afford to encourage encroachment of Government land**" is accepted. But, if the dwelling unit is constructed over the un-objectionable Govt land due to the family expansion on compulsion duly enquired case to case & reported by the committee as aforesaid paragraph 'h' positively, then job rehabilitation may be considered to those families.

1. (J) Person residing in the village permanently by constructing house over others land- whether R&R benefit will be extended to them or not.

The matter was discussed with the clarification thereon by the Govt in R & DM Deptt No. 14284/R&DM dated 10.04.2007 which states "**If a person has no Gharabari land of his own and loses his home constructed on other's land, he may be compensated with a cost of construction of the house. For employment, his case may be considered after all other claimants to employment are satisfied**." The committee constituted in para 'h' will enquire into the matter and take a decision which will be binding upon MCL.

1. (K) Payment of compensation to land purchased in between 4(1) & 7(1) of CBA- whether R&R benefit will be extended to them or not.

In view of the clarification by Revenue Deptt letter No. 14284/R&DM dated 10.04.2007 that "**Under CBA(A&D) Act, there is maximum period of three years allowed between notification of intention of Government U/S 4(1) and final declaration of acquisition u/s 7(1). The u/s section 9(1), the declaration gets authority for final acquisition. Payment of compensation can and should always be given to the land purchased after 4(1) and before section 9 of CBA(A&D) Act.but R&R benefit may not be extended to these purchases, as knowingly they have purchased a land meant for displacement. But if this is not allowed to invalidate after three years and notified fresh again and again, the R&R benefit may be considered to the persons if he belongs to the village but not to an outsider**." It was concluded that no R&R benefit will be extended to the person purchased land in between 4(1) & 7(1) of CBA, if 4(1) has not been invalidated.

1. (L) Job rehabilitation to 'C' category land oustees.

The matter was discussed elaborately and suggested that all the 'C' category shall be cleared by the end of December-2007. The Director(P), MCL HQs present in the meeting agreed in affirmative.

1. (M) Age Condonation

There are 06 cases in village Padmabatipur in which the land oustees are over aged to the cut off date. Further two land oustees in village Langijoda who were within the age limit of 18-35 as on cut off date and now more than 40 years. these cases were discussed and decided that, families where none is there to look after, the displaced family in that case, they may be provided with job rehabilitation as a special case on sympathetic ground.

CASE OF KASTU SAHOO OF VILLAGE PADMABATIPUR

Kastu Sahoo is a category “A” land oustee of village Padmabatipur. The total holding of Kastu Sahoo is Ac 2.485 acres. Out of which, he is losing Acr 1.561 [Homestead Acr 0.236 + Agriculture 1.325 Acre]. His dwelling house is over plot No. 298 vide Khata No. 66 of village Padmabatipur. Kastu Sahoo is entitled for one Job rehabilitation in his family.

He has two married daughters namely Suryakanti & Laxmi aged about 36Yrs & 33 years as per family genealogy conducted during the year 2004. he has two sons-in-law is over aged and another is sick. Kastu Sahoo is 64 Years old and category “A” land oustee and nobody in his family is eligible for employment. Sri Kastu Sahoo is claiming job rehabilitation for his younger married daughter Laxmi Sahoo.

The Director,Personnel, MCL submitted that there is no legal ground to provide job to married daughter. The committee observed that MCL has no problem to provide job to one of the son-in-law of Sri Kastu Sahoo. Since, both the sons-in-law are not eligible due to over age and sickness, the observed that the case of Kastu Sahoo to provide employment to his YOUNGEST DAUGHTER Laxmi sahoo may be considered on humanitarian ground and she may be provided with job rehabilitation. This case should not be taken as precedent. Moreover, the impact of such type of cases is rare in whole MCL.

CASE OF SRI KHARA BEHERA S/O LATE SHAMA BEHERA & GANDHARBA SETHI, LOOSING 100% GHARABARI KISAM OF LAND, 100% AGRICULTURAL LAND AND CONSTRUCTED OVER GOVT LAND DUE TO EXPANSION OF THE FAMILY.

Late Shama Behera has 04 married sons having 0.14 Ac Gharabari kisam of land, 5.390 Ac agricultural land. As the Gharabari kisam is 0.140 Ac only and each son has share of only 0.035 Ac, hence, due to expansion of the family, after 4(1) notification, one of the brothers Sri Khara Behera shifted to nearby Govt land. Though, they were living jointly earlier, but due to such compulsion, they had to shift to other place as the homestead land was not sufficient to accommodate all the families and they are permanent resident of the village having Gharabari kisam of land, agricultural land and residing in the village before 4(1) of CBA. The other 03 brothers namely Sri Rushi Behera, Late Kasi Behera and Sri Chatura Behera's family got employment in this particular case as their houses were on their homestead land. As per their statement, they were living in the homestead land as on the date of 4(1) Notification. The basic purpose of job rehabilitation is based upon two conditions:-

01. The person must be permanently residing in the village.
02. He must be losing his all livelihood like, Gharabari kisam of land, Agricultural land & dwelling house.

In this particular case, Sri Khara Behera is losing 0.03 Ac Gharabari kisam of land, 1.348 Ac of Agricultural land and dwelling house constructed over Govt land without any intention of getting employment in MCL. So the case of Khara Behera be considered taking into the account of GB land inherited from his father.

CASE OF GANDHARBA SETHI OF VILLAGE PADMABATIPUR

Late Gouranga Sethi had 02 sons and 05 daughters. They had Gharabari Kisam of land vide Plot No 640 and Kh No 107. they were jointly residing on the above plot by constructing house. Later on, due expansion of family, Sri Gandharba Sethi shifted to nearby Govt land out of compulsion as he was having only Ac 0.005 of Gharabari kisam of land. But he was staying in the own GB Land as on 4(1) Notification. He is a permanent resident of village Padmabatipur and losing his total Gharabri Kisam of land, total agricultural land and dwelling house. The basic purpose of job rehabilitation is based upon two conditions:-

01. The person must be permanent resident of the village i.e. before 4(1) notification.
02. He must be losing his all livelihood like, Gharabari kisam of land, Agricultural land & dwelling house.

In this particular case, Sri Gandharba Sethi is losing 0.005 Ac Gharabari kisam of land, 0.804 Ac of Agricultural land and dwelling house also which has been constructed over Govt land without any intention of getting employment in MCL.

Hence, Committee recommended for consideration of job rehabilitation to the families as special cases and not to be taken as precedence.

The committee recommended their cases on sympathetic ground as per the above decision of 1st RPDAC on the condition that the land oustees concerned will fully co-operate for mining operation.

FAMILY LOSING DWELLING HOUSE INVILLAGE RAKAS BUT LOSING AGRICULTURAL LAND IN VILLAGE BRUNDABANPUR FOR WHICH NOTIFICATION U/S 7(1) WAS ISSUED ON 19.03.2007.

Giridhari Bhukta S/o Kahnei Bhukta is the RoRH in respect of 0.645 acres of land of Kh No 31 of village Rakas & 3 of Brundabanpur village out of which 0.06 Ac is homestead land and 0.585 ac is agricultural land. 0.06 acre homestead land and 0.16 acre of agricultural land is being acquired. The percentage of acquisition comes to 27.35% of the total holding, hence the family is categorized as “C” which is not being considered now.

The committee recommends his case after taking the land of village Brundabanpur for which notification U/S 7(1) was issued on 19.03.2007 as has been done in case of village Rakas.

FAMILY LOSING DWELLING HOUSE IN VILLAGE PADMABATIPUR BUT LOSING AGRICULTURAL LAND IN VILLAGE RAKAS FOR WHICH NOTIFICATION U/S 7(1) WAS ISSUED ON 19.03.2007.

Ratnakar Samal is losing only dwelling house on homestead land in village Padmabatipur. The agricultural land of Sri ratnakar Samal S/o Arjuna Samal is being acquired by MCL in village Rakas for which notification U/S 7(1) was notified on 19.03.2007. The committee recommended his case for consideration after taking the land of village Rakas for which notification U/S 7(1) was issued on 19.03.2007.

Langijoda.

The village Langijoda after being displaced by the Lingaraj Area, MCL the villagers have settled in three different areas of Talcher. One resettlement site is at the left out patches of the village Langijoda itself and the other is at near Transmission tower of Talabeda village and the other one is at in between Talabeda and Madanmohanpur village Area. It is seen that more than 42 families are residing at the left out patches of the Langijoda which constitute a major part of the village. It was decided that the existing "Pidha" may be settled to the resettlement site at the left out patch. As regards the compensation for the communal property of the village Langijoda which comes to Rs 7.0 Lakhs approximately, it was decided that let there be two temples constructed out of the fund i.e. one at Talabeda near transmission tower and one at the resettlement site at left out patches of the village.

Jilinda

In case of village Jilinda, it was decided that the land oustees those were not coming under the effective category for job rehabilitation and losing land in other village for which the 7(1) Notification has already been made under CBA(A&D) Act 1957, the R&R benefit to this category of land oustees may be taken up on progressive basis as was done in case of Rakas.

Hon'ble M.P., Deogarh wanted to know categorically as to whether outsourcing would affect the process of job rehabilitation. the Director, Personnel MCL HQs assured before the house that the partial outsourcing in coal mining to Talcher area will not affect the normal process of the job rehabilitation.

Telipur & Khuringa Village

In village Telipur, 82% tenancy land has already been acquired leaving a balance of 18% land which has been notified U/S 7(1) of CBA(A&D) Act. further, in village Khuringa more than 70% tenancy land has been acquired leaving a balance of 30% land which has been notified U/S 7(1) under CBA(A&D) Act.

After a threadbare discussion, it was decided that keeping in view of the economical viability of the land losers of village Khuringa and Telipur, the Collector, could take a decision for the process of R&R benefit considering the progressive nature of acquisition as was done in case of village Rakas.

Gopalprasad

In case of village Gopalprasad, out of the balance cases of 144 land oustees/nominees, 60 cases are category "C" under active consideration of MCL for job rehabilitation. As regards the rest 84 cases, it was decided that the sub-collector, Talcher will take up a meeting at his level in presence of the concerned MCL authorities and R.O./Spl LAO to scrutinize the matter on case to case basis and accordingly the villagers may be informed about the status of their rehabilitation.

Jamu Chhak & Nuamunda Sahi of village Kalamchhuin

In case of the Nuamunda Sahi of village Kalamchhuin, only two houses comprising 4 families have been left out and not provided with R&R earlier. Now after acquisition of the village under L.A. Act, it was decided to consider their cases on priority basis.

In case of Jhamuchhak, Kalamchhuin, the houses nearer to the Coal Transportation Road requires immediate shifting as because of regular dust pollution and easy inundation by coal water during the rainy season to their residence. It was decided that these houses nearer to the Coal Transportation Road may may be provided with R&R benefit taking into consideration the latest acquisition of land under LA Act in the village.

Assessment Committee on displacement

The Hon'ble M.P, deogarh suggested that in Talcher Area, a lot of displacement is going on due to caol mining operation. Proper resttlement is required for the displaced families in the Talcher Assembly constituency area. retired MCL personnel namely C.R Das, Rts(CMD), B.N. Mishra (Rtd DT) and other retired CGM & GMs may be taken to constitute one assessment committee which will guide the MCLfor proper resettlement in Talcher Area itself.

The meeting ended with vote of thanks to the Chair & the participants.

COLLECTOR, ANGUL

Proceeding of the Sub-Committee meeting of MCL held on 27.07.2013 at DRDA Conference Hall, Angul.

The Collector, Angul was in the Chair.

The members & invitees present in the meeting are at Annexure "A".

At the outset, Collector, Angul extended warm welcome to all the members and invitees present in the meeting. Discussion & decision was made as per agenda.

1. **Village Hensamul**

Collector, Angul wanted to know the details of acquisition & rehabilitation extended to the land oustees of village Hensamul. The General Manager, Jagannath Area clarified the details of acquisition & R & R extended to the land oustees. Hon'ble M.P., Dhenkanal expressed his displeasure on phase manner acquisition and the same issues are being discussed time and again since last decade. Hon'ble M.L.A demanded to provide job rehabilitation to major sons taking into the cutoff date of last phase acquisition i.e. in the year 2010 and Hensmul issues should be closed. After a threadbare discussion, **it was decided that as per Government in Revenue & Disaster Management Department clarification Letter No 14284 dated 10.04.2007, cutoff date for extending rehabilitation benefit to the families of village Hensamul would be given basing on the latest acquisition where the families have lost land & dwelling house in that phase and staying in the same village at present. It shall not be extended to the families who have not lost land & dwelling house in that particular phase of acquisition**. The Collector directed the MCL authority to submit a report regarding how many 18 years major sons are available in village Hensamul taking into the cutoff date in the year 2010.

Hon'ble M.L.A, Talcher wanted to know why job benefits to Dusmanta Ku. Behera & 04 others of village Hensamul(Talasahi) have not been extended although they were major as on cut off date of 2nd phase acquisition & lost agricultural Land, homestead land & dwelling house. The General Manager admitted that in 1st phase acquisition, these 05 families were extended rehabilitation benefit in the year 2003 instead in the year 1996 which was arbitrary. Hon'ble M.P., Dhenkanal was annoyed

on the arbitrary action of MCL authorities. These 05 nominees were major as on 2nd phase acquisition and eligible to get job rehabilitation as per Government in Revenue & D.M. department clarification Letter No 14284 dated 10.04.2007, as these 05 families have lost agricultural land, homestead land and dwelling house in 2nd phase acquisition and staying in the village at present. After discussion, **Collector directed MCL that these 05 cases should be examined individually. It was decided that job rehabilitation to Dusmanta Ku. Behera & 04 others of village Hensamul (Talasahi) shall be extended. Appointment order should be issued and salary should be given as per previous employment. This should be complied within two month.**

Hon'ble M.L.A further demanded for extending job rehabilitation to the family of Bimbadhar Behera of village Hensamul. The General Manager, Jagannath Area clarified that the family has landed property in village Barakotia of Pallahara Tahasil & not coming under category "A" or category "B" as per 1989 R & R policy, hence not eligible to get rehabilitation . The family is eligible to get resettlement benefit only. Collector suggested that, as per last acquisition all eligible persons should be given employment. If they are not coming under category "A" they should be taken into category (B). Detail report individual wise may be prepared and a clarification from Government may be asked for.

After discussion, it was decided that if the family is coming under category "A" taking into all landed property as on cut off date, they will be eligible to get job rehabilitation. The Collector directed to the General Manager, Jagannath Area to re-verify all the landed property of Bimbadhar Behera as on cut off date & submit a report to District Administration.

(b) **Village Badajorada**

(i) Case of Digambar Garnaik, Land oustee of village Badajorada was discussed in detail. Hon'ble M.P. Dhenklanal and Hon'ble M.L.A, Talcher expressed their displeasure for non considering this case till yet, as this case was discussed & decided in the 7th RPDAC meeting. The General Manager, Hingula Area stated that the family is coming under category "E" as per 1989 R & R policy, hence not eligible

1/9/13

for job rehabilitation. Hon'ble M.L.A expressed that Sri Garnaik was given offer of appointment when R & R policy was not in force, then he further suggested that why MCL categorized to the family taking into the R & R policy of Government at present. After discussion, **it was decided to give job rehabilitation to the son of Sri Digambar Garnaik immediately and benefit will be given within 02 months.**

(ii) Case of Nilam Sanjeeb Sahoo & Ugresen Sahoo, land oustees of village Mahendrapur was discussed in detail. Hon'ble M.L.A disappointed for non-considering these two case till yet as decision has already been taken in the 7th RPDAC meeting to consider these two cases within one month. On discussion, it was observed that offer of appointment was issued to these two families when R & R policy of Government was not in force. Hence both the families were eligible for job rehabilitation. After discussion, **it was decided to favourably consider these two cases immediately**.

(iii) In the 7th RPDAC meeting of MCL held on 09.11.2012, it was decided that MCL would submit a detail history/observation & earlier decisions on the rehabilitation issues of village Badajorada within one month to be placed before the Sub-Committee meeting of MCL for taking necessary decision.

The General Manager, Hingula Area stated that as per decision taken in the 8th RAC, MCL has been considering employment to "D" category land oustees of Danara village only and stopped in case of other villages since 1998. On discussion, it was observed that in the 8th RAC meeting of MCL, it was decided to give job to "D" category land oustees of Kalinga Area and village Badajorada was in Kalinga Area. The Director, Personnel intimated that decision of the 8th RAC was objected by the then C.M.D and wrote to the R.D.C, N.D Sambalpur-cum-Chairman, RAC for change of Danara village instead of Kalinga Area.

The Collector stated that objection raised by the C.M.D, MCL has not been considered in subsequent RAC, hence MCL has to consider rehabilitation benefit to 74 "D" category land oustees of village Badajorada. The Director, Personnel expressed that it is not possible on their part to consider job to "D" category land

oustees of village Badajorada. Even they are considering to return the acquired land to Govt. as its usage to the company is limited.

After a threadbare discussion, **it was decided that MCL shall examine whether the land which has already been acquired in village Badajorada is required for MCL or not and MCL shall submit a report in writing to the District Administration in this regard.**

(iv) Hon'blc M.P. Dhenkanal wanted to know the R & R issue of Artatrana Pani of village Jillinda under Jagannath Area. The General Manager, Jagannath Area stated that the family has been categorized as "B" as per 1989 R & R policy & one job has been provided to the daughter of Artatrana Pani . At the time of land acquisition, Sri Pani was not staying in village Jillinda. A house containing up to lintel level was available at the time of survey over the plot of Sri Pani in village Jillinda and accordingly award was passed. Hence Sri Pani cannot be categorized as "A" & not eligible to get resettlement benefits.

On discussion, it was observed that Sri Pani is an original inhabitant of village Jillinda and at the time of land acquisition, he was working elsewhere & not residing in village Jillinda. But his claim for providing resettlement benefit against a permanent inhabitant of village Jillinda cannot be debarred by MCL.

After discussion, **it was decided that resettlement benefits in shape of cash will be provided to Sri Artatrana Pani of village Jillinda immediately**.

(c) **Village Danara**

Rehabilitation issue of village Danara was discussed elaborately. The General Manager, Hingula Area stated that as per decision of 7th RPDAC and recommendation of joint committee, cases of eligible nominees are under processing stage. But 14 land oustees have applied for change of nominee in which their nominees are born after cut off date. In this regard, vigilance department of MCL has objected and wrote for taking action against the officer who has recommended such type of case in village Balanda.

1/9/13

The Collector expressed his displeasure and directed that one job shall be given to the family where no one has been extended such benefit, even if the nominee born after cut off date. Decision of Vigilance department is the internal matter of MCL & can not over rule the decision taken in the RPDAC/Sub-Committee meeting of MCL which is a statutory forum of Government.

After a threadbare discussion, **it was decided that as per recommendation of joint committee, one job shall be given to the nominee, even if the nominees are born after cut off date of the acquired village.**

(d) Village Balanda

R & R issues of village Balanda was discussed in detail. The General Manager, Jagannath Area clarified that out of 54 cases sponsored earlier, 26 cases approved by the Collector & 20 nominees got job and 06 cases are under vigilance enquiry. Out of 06 cases, 03 nominees born after cut off date, one minor RT/Awardee as on cut off date, one case found double name & another one died in accident recently. The Collector directed that, one job shall be extended to the family where no one got job, even after the nominee born after cut off date. Out of 54 cases, the joint committee rejected 25 cases in which the cause of rejection in majority cases were "nominee born after cut off date". After a threadbare discussion, **it was decided that 54 cases will be re-examined by the Joint committee and where the nominee born after cut off date & no one from the family got job earlier, one job shall be provided to the nominee immediately**.

Hon'ble M.L.A informed that there are similar nature of 12 cases beyond 54 sponsored list where no one from their family got job and they are eligible for rehabilitation benefit. After discussion on the above issue, **it was decided that any case left out beyond 54 list of village Balanda will be placed in the next RPDAC meeting for a decision.**

1/9/13

(e) Problem of village Natada

Hon'ble M.L.A, Chhendipada wanted to know the details problem of village Natada. The Rehabilitation officer, MCL, Angul clarified that in the 7th RPDAC meeting of MCL, it was decided that Sub-Collector, Angul & one Sr. Officer of MCL, Hingula Area would enquire & report on the construction made by the villagers and blasting operation of MCL on the basis of distance & cost. On dated 20.06.2013 Hatibol Sahi of village Natada adjacent to the mine workings of Balaram OCP was inspected by him along with General Manager, Hingula Area, Sub-Inspector of Police, Model Police Station, Angul and the villagers of Hatibol Sahi.

The demand of the villagers was for early resettlement & rehabilitation to the eligible members by acquiring entire village. After inspecting the entire structures one by one, it was understood that all (25 nos.) the structures, except the structure of Janak Sahoo and few others have been constructed in recent past and a few families are residing in these structures.

The General Manager, Hingula Area informed that a meeting was held in the presence of Sub-Collector, Angul and it was decided that in case of any damage caused due to blasting operation, MCL will repair those damages and the people should not obstruct the mining activities.

General Manager, Hingula Area further informed that the part of the mine adjacent to the boundary was progressed uninterrupted up to October, 2008, but since then these people have constructed structure near the village boundary and obstructing mining activities for which Balaram OCP could not progress substantially in the south side of the mine adjacent to these hutments. In this regard, CMPDIL have studied the blasting operation and the finding was sent to the DMS, Bhubaneswar along with the application for permission of deep hole blasting by the Management of Hingula Area, which was approved by the Director, Mines safety, Bhubaneswar to conduct deep hole blasting within 300 meters and beyond 200 meters from the structures. But these people are obstructing illegally the mining activities of Balaram OCP time and again demanding full acquisition of their Basti Hatibol Sahi.

1/9/13.

The area was notified in the year 1985 under Gopalprasad Block along with many other villages. But due to non-cooperation of the villagers of Natada, award could not be made, but in case of other CBA notified villages award, payment of compensation and R & R benefits have been provided since 15 to 20 years back. Now they have co-operated & Yadast was completed in March, 2012. Award of compensation is under process. The Collector expressed that people should not encouraged for constructing house with an intention to get job. After discussion, **MCL should process their award work at the earliest and in nearby villages blasting operation beyond 200 meter of the mining area should be done.**

(f) **Payment of compensation amount of Deshkoth Property**

Hon'ble M.L.A, Talcher expressed for early payment of Deshkoth property to the land oustees of MCL. The Collector stated that after completion of resettlement colony for the displaced persons, Deshkoth property shall be utilized in proportionate to the nos. of habitants resettled of the village. However the Deshkote property shall be utilized in the resettlement colony where minimum 10 nos. of displaced families are resettled.

After a threadbare discussion, **it was decided that MCL shall provide infrastructure development, road, drinking water, electricity, school building and other several amenities out of its own fund to the resettlement colonies. Fund to be spent for Infrastructure development in the resettlement site shall be from own fund of MCL, it shall not be from CSR/Periphery Development fund of MCL. The Deshkoth property shall be utilized in the resettlement colony in other development works where minimum of 10 nos. of displaced families or more are resettled & the funds will be provided proportionate to habitants in the resettlement site. The Rehabilitation Officer, MCL, Angul shall prepare a separate information regarding total nos. of displaced families in the acquired villages, nos. of families resettled in which places, total amount of Deshkoth property available & funds sanctioned to different resettlement colonies etc.**

Further, issue of several development scheme in villages acquired but not displaced was discussed in the meeting. As auditors have objected

1/9/13.

to development spending by Govt. of Odisha in different villages acquired but not displaced, therefore, Collector, Angul has stopped all development work in the acquired and to be acquired villages. As a result of which several villagers awaiting displacement for 15-20 years are facing lot of problems. A proposal was sent by Collector, Angul to Govt. to allow spending of fund in these villages, but govt. disagreed to the proposal.

Therefore, it is decided that different development work of the village acquired and to be acquired and awaiting displacement & resettlement shall be done by MCL itself from its project cost and not from PD Fund or CSR fund, as it is an opportunity cost for non-displacement.

2. Hon'ble M.P. Dhenkanal & Hon'ble M.L.A, Talcher demanded for payment of higher compensation either proportionate to the production of coal or sanction of Ex-Gratia, as because, MCL has been acquiring land & giving payment of compensation after 15 to 20 years from issue of 4(1) notification under CBA(A & D) Act, 1957. The Collector told that Sub-Committee has no jurisdiction to decide higher payment of compensation to the land oustees. Payment of compensation are being paid to the land oustees of MCL basing on the Bench Mark valuation/sale statistics under L.A. Act & the Sub-Committee can recommend to Government of India for payment of Ex-gratia to the land oustees of MCL where land acquisition process take 15 to 20 years time.

After discussion, **it was decided that recommendation would be sent to Government of India for sanction of Ex-gratia where land acquisition process take 15 to 20 year's time under CBA (A & D) Act.**

The Chairman declared that the issues in the agenda which could not be discussed in this meeting is referred to the next Sub-Committee meeting to be held on 02.08.2013.

The meeting ended with vote of thanks to the Chair & participants.

1988 and her husband also got children through his 2nd wife. The Govt. Pleader has also opined in his letter No. 76 dt. 03.07.2014 that the matter in question should be taken in a positive manner and let Upasi Barik be entitled to get any benefit under R&R policy. The Collector intervened and asked to go through the observation of Civil Judge where he has admitted the divorce from the year 1988, but the order is passed in the year 2010.

In this contest MCL is not agreed for providing job-rehabilitation to Upasi Barik. The G.M. (L&R) of MCL hqrs. informed the House that the legal expert of MCL does not agree to the opinion of the Govt. Pleader, Angul. In the 7th RPDAC of MCL held on 09.11.2012 it was also decided that the observation of Govt. Pleader, and merit of the case shall be taken into account for employment of divorcee case as per law on the rehabilitation policy. It was decided to recommend the RPDAC that MCL is not abiding the decisions of the R.P.D.A.C. and to move Govt. for further clarification after receipt of views of MCL with reasons in writing within seven days in this issue.

3. (II) As regards the case of Tapoi Behera, MCL agreed to provide job-rehabilitation.

Employment of Tapoi Behera is a long standing issue and MCL should finalise the case within a specific time. G.M., Hingula Area clarified that Tapoi Behera is not submitting required documents. The Collector directed Sub-Collector, Talcher to facilitate the submission of documents of Tapoi Behera to G.M. Hingula immediately and G.M., Hingula Area agreed to close the issue within 30 days by giving appointment to Tapoi Behera.

4. (I) Fixation of Cut off date of village Hensmul.

It was unanimously decided in the 2nd RPDAC held on 26.06.07 that the date on which the payment of compensation u/s 12(2) of LA Act & Sec 17 of the CBA & (A&D) Act. 1957 will be treated as the cut off date of the project so far as R&R is concerned. After the RPDAC in response to the letter no. 543 dt. 17.10.2007 of Director Personnel MCL, Burla seeking clarification on cut off date, the R.D.C. (N.D.) Sambalpur cum Chairman of RPDAC clarified vide letter no. 96 dt. 16.01.2008 that date of passing of award under U/S 12 (2) of LA Act. and U/s. 17 of CBA & (A&D) Act. 1957 will be treated as cut off date of a particular village so far as R&R is concerned. So MCL should follow the decision of RPDAC and clarification of RDC Cum Chairman of RPDAC, without further dilly – dally.

(II) Implementation of R&R policy 2006.

Hon'ble MLA, Talcher informed that, MCL has not followed the R&R Policy 2006. The G.M. Jagannath Area, MCL replied that Notification for acquisition of the tenancy land under CBA and L.A. Act were prior to the Odisha R&R Policy 2006 came to force. MCL does not agree to implement R&R policy 2006 citing the decision of Hon'ble Chairman in the 1st RPDAC of MCL held on 07.11.2006 that the policy would be applicable to the new acquisition for which 4(1) of LA Act. and 9(1) of CBA would be done after 14.05.2006.

The village representative Sri Sanjb Sahoo informed the house that tenancy land measuring Ac. 789.365 of village Hensamul has been acquired under CBA (A&D) Act. 1957 and LA Act. 1894 in 8 phases. The detail acquisition of area is indicated below.

	Under CBA	Under LA	Area in Ac.	Date of 4(1) notification	Date of 9(1) notification under CBA	Date of passing Award.

TOTAL			**789.365**			

The PDF/PAF list of the village has been prepared basing on the cut off date of 1st and subsequent acquisition of land in the village. Hence he requested the House to consider for implementation of R&R policy 2006 in case, payment of award has been made after 14.05.2006. MCL does not agree to the above proposal on the plea that two policies that is Policy of 1989 and Policy of 2006 cannot be implemented in one village. The PDF/ PAF list has been prepared taking into the provisions of guideline of 1989 policy. The Hon'ble MLA, Talcher stated that if cut off date has been decided for preparation of PDF/PAF list and payment of compensation has been made after

14.05.2006, it is not understood why MCL does not agree to implement R&R policy 2006 in those acquisition / area.

The Collector and Chairman of the House opined that land acquisition proceeding of specific acquisition will be completed after payment of more than 80% of compensation. In this regard Govt. of Odisha vide their letter No. 35231 Rev. & D.M. Deptt. have clarified that Odisha R&R policy 2006 shall apply to all those projects which acquisition of private land under LA Act. 1894 or under any other law for time being in force or proclamations inviting objections in case of Govt. land is notified. After issue of this instruction by Govt. the decision of RPDAC is superceded. Hence MCL should implement R&R policy 2006 where payment of compensation has been made after 14.05.2006. In spite of above discussion MCL did not agree. So it was decided that MCL should give their stand in writing to the Dist. Administration to seek clarification from Govt.

(III) Shifting of village Hensamul (Talashi).

The villagers have agreed to shift to the R&R site in front of Balanda College after fencing & levelling work. In the mean time the G.M. Jagannath Area has developed a portion of the proposed resettlement site & demarcated 51 plots @ Ac 0.05 decimal instead of Ac .0.10 without infrastructural development work and insisting to shift the PDFs to their plots which is opposed by the land oustees. Their argument is that since the resettlement site is coming under urban area they have demarcated the plot @ Ac 0.05. The Collector and Chairman of Sub Committee stated that resettlement site near Balanda is not coming under urban area. In the R&R policy 1989 as well 2006 there is provision for allotment of Ac 0.10 land to each PDF & there is no discrimination in urban or rural area.

After threadbare discussion it was decided to allot Ac 0.10 land to each PDF as there is no scarcity of land since Ac 20.00 land is available for 122 beneficiaries. The G.M. Jagannath & G.M. (LR) MCL explained that except Ac 5.00 of land, other Ac 15.00 of land are under encroachment and there are some Civil Cases filed for declaration of title & one PIL has been filed before Hon'ble High Court, Odisha, not to evict the encroachers. MCL has also filed three revision petitions before the R.D.C., N.D., Sambalpur –cum- Settlement Commissioner for correction of RoR in favour of MCL. The

G.M. requested the administration to provide assistance for demarcation of the balance vacant agricultural land inside the R&R site. The Collector Cum Chairman said that it is the acquired area of MCL and as owner of the land, MCL to protect his land and evict the encroachers. Dist. Administration can always provide police assistance and deploy Magistrate when required by MCL. This fact has also been intimated to G.M. Jagannath vide Dist. Office letter No. 807 Dt. 12.06.2015. MCL agreed to evict the encroachments and demarcate the area as committed.

Sri Sanjiv Sahoo village representative informed the house that quarters provide by MCL to the land oustees for their transit accommodation are not safe. It was decided that all the transit accommodation/ Quaters should be verified by a joint team consisting of PWD officials and MCL officials and give safety certificate for accommodation of land oustees. However Collector also advised MCL to repair and renovate the dilapidated quarters.

(IV) Holding of Pallisabha.

Holding of pallisabha for passing of resolution regarding diversion of Ac 127.09 forest land in village Hensamul for Ananta extension was not possible due to non Cooperation of the villagers as a result NOC is pending. The Collector asked the village representative to cooperate in the matter. The village representative informed the house that MCL is not accepting their one request for transfer of Parsuram Sahoo the land oustee cum MCL employee from Sambalpur IB vally area to Talcher coalfield area. The village representatives promised before the house that the villagers will cooperate for holding of pallisabha within 7 days after receipt of the notice if their request is fulfilled by the MCL in this matter. The G.M. Bharatpur & G.M.(LR) MCL Burla assured the house to consider the case at their Hqrs level and to resolve the issue.

(V) Other issue of village Hensamul.

The village representative of Hensamul raised the issue of omission of some eligible PDF/PAF in the original list and requested to rectify the list including the left out cases. The G.M. Jagannath area agreed to examine such cases & include the eligible cases in the list. Besides the G.M. Jagannath area agreed to provide a copy of PDF list to the villagers within a week to get the cooperation of villagers.

5. R&R issue of village Badajorada.

MCL should take final decision and give in writing whether the tenancy land acquired in this village is required for MCL or is it to be de-notified as per decision of Sub Committee meeting Dt. 27.07.2013 to process the R&R issues. 94 PDFs are identified for R&R benefit out of which 4 cases are coming under 'B' category, 16 in 'C' category and 74 in 'D' category. No decision of MCL has been communicated for withdrawal of acquired land. In the meantime 42 W.P. (C) cases have been received by Collector, Angulfrom Hon'ble High Court filed by the villagers claiming rehabilitation benefit.

The Hon'ble MLA Talcher deliberated that the old case should be considered providing employment to 94 identified land oustees irrespective of their category as per precedence and close the issue once for all. The Chairman directed Spl. LAO, MCL to issue notice to the petitioners in WP (c) cases within 7 days for hearing.

6. R&R issue of village Danara.

The Hon'ble MLA, Talcher raised the R&R issue of village Danara and expressed his concern that out of 1062 identified and eligible beneficiaries MCL has provided job to only 807 persons. The balance 265 beneficiaries should be provided job immediately. The G. M. Hingula informed the house that out of balance 265 cases 14 numbers are born after the cut off date. The G.M. (LR) MCL, HQrs. Burla told that village Danara comes under 1989 guideline. As per family definition the child born after cut off date is not a member of the family and he is not entitled for R&R benefit. The Hon' MLA, Talcher stated that MCL has not provided employment to the female nominee of the family and as per the decision of the Sub Committee dt. 27.07.2013 where the nominee is born after the cut off date & no one from the family got employment earlier, one job shall be provided to the nominee. The G.M. informed the House that it needs clarification of Govt. in this matter. Since Revenue & DM Deptt. vide their letter No.35231 Dt. 22.11.2014 have issued clarification as sought for by the Director (Technical) MCL, vide his letter No. 880 Dt. 10.02.2014 no further clarification is necessary.

It was decided that the Job Rehabilitation of the balance left out cases of village Danara should be finalised within four months.

7. Payment of compensation amount of Deshkoth Property.

G.M., Hingula Area has submitted the list of Deshkoth properties of vill- Solada, Telipur and Khurigaon with undisbursed amount of compensation of Rs. 5,26,44,175/- acquired under CBA (A&D)Act. Similarly, in village Kalamchhuin acquired under LA Act, compensation of Deshkoth property amounting to Rs. 1,48,87,308/- lying unspent for disbursement. Detail report is at **Annexure – II.** The village committee of Solada is insisting for payment of compensation of Deshkoth property to the villagers. It was decided that a village committee to be formed and registered under the Society Registration Act., there after payment will be made to the village committee for utilisation of this compensation amount. Sub- Collector, Talcher may facilitate the registration process.

8. Providing job rehabilitation under R & R Policy, 2006 (Category wise)

Now MCL is considering job for category (I) & (II) only. As per R&R policy 2006 all other categories of displaced families & other affected families shall be eligible for employment or cash in lieu of employment. As such all categories of land oustees are claiming job & creating disturbance. MCL is not giving employment or cash in lieu of employment to other categories.

The matter was deferred.

9. Review of the issue of village Natada in regard to compensation as discussed in the Sub-Committee meeting and consideration of land rate for award of compensation.

Determination of rate of compensation for agricultural land of vill Natada was discussed in the PLRRC meeting held on 30.10.2014. An area of Ac. 140.66 of tenancy land in vill- Natada was notified under CBA Act in the year 1985. But compensation could not be disbursed due to non- cooperation of the villagers. The land oustees demanded to fix rates U/S. 14 of CBA Act after negotiation with the villagers. After detail discussion, it was decided that, the Spl. LAO, MCL, PD, R&R, Angul will examine the other means of determination of rates in the light of legal implications. Accordingly, a meeting was held with the villagers & MCL Officials under Chairmanship

of PD, R&R on 13.03.2015 and rate of compensation per acre (kisam wise) was arrived at basing on Wholesale Price Index. The villagers agreed with the rates.

The rate of compensation per acre (kisam wise) of village Natada as agreed by the villagers and MCL officials in the meeting conducted by Project Director, (R&R), Angul on 13.05.2015 is approved.

The Hon'ble M.L.A, Chhendipada suggested that R&R policy 2006 should be implemented in this village as payment of compensation has not been made till date. It was decided to follow guidelines in place.

10. Development of Resettlement Site at Kochianali over Ac. 60.00 Govt. land. (Balaram OCP)

In the review meeting held on 24.03.2015 under the Chairmanship of RDC, (ND), Sambalpur, MCL was advised to withdraw the case filed before the Hon'ble Supreme Court and to provide employment to 26 left out beneficiaries honouring the decision of Hon'ble High Court of Odisha.

Hon'ble M.L.A. Talcher informed the House that MCL should withdraw the case from the Hon'ble Supreme Court and provide Job to 26 left out beneficiaries as per order of Hon'ble High Court for development of R&R site Kochianali for accommodation of land oustees of nearby village and resolve the prolonged issue.

MCL is not willing to accept the above proposal. It was decided that either MCL should consider the proposal or should give in writing their decision to Dist. Administration.

11. Cut off date for grandson nominees as per ORRP-2006 in village – Kalamchhuin. (Balaram OCP)

As per amendment of Odisha R&R Policy 2006 vide resolution No. R&REH-1/2013-29828 Dtd. 05.08.2013 of Rev. & D.M. Deptt. Govt. of Odisha, the employment of major grand son cases of village Kalamachhuin are under process. But

employment to the other members of land oustees were provided considering the date of award as cut off date i.e. 13.05.2008. Now the grandson nominees who are major on the date of award i.e. 13.05.2008 are demanding employment.

The cut off date of vill- Padmabatipur is 02.06.2005. In 1989 policy the above 23 nominees though above 18 years of age and living jointly with their parents have not been provided separate resettlement benefit. Now they claim such benefit as per R.R. Policy 2006. In the last PLRRC on Dt. 30.09.2014 it was decided to place it in the RPDAC for decision.

The G.M. (L&R), MCL and G.M., Bharatpur Area are not willing to allot separate plot as the above 23 nominees have filed affidavit that they were jointly living with their parents at the time of employment.

After threadbare discussion it was decided that, MCL should take steps to consider the cases as per the clarification of Govt. vide letter No. 671/R&DM. Dt. 05.01.2012.

The villagers are now demanding for acquisition of all agricultural land except Basti area and to extend R&R benefit. In this regard the G.M., Jagannath Area after agreeing with the proposal has made a correspondence with MCL Hqrs, but no reply has yet been received from MCL side. But after lapse of 35 years not a single employment is being provided to some eligible displaced families. This issue was already discussed in the 10th, 11th & 12th RPDAC meeting as well as Sub-Committee meeting. After threadbare discussion following decision was taken unanimously. AS per decisions of RPDAC & Sub-Committee, MCL has provided rehabilitation benefits to the eligible land oustee / nominees after proper verification.
