PURI, SEPT 3

THE Puri district administration today temporarily halted the eviction drive near the Shri Jagannath Temple due to stiff opposition from monks of different mutts (monasteries) located close to the 12th century shrine here, a senior official said.

The monks of different mutts opposed the eviction drive when the district administration resumed the drive on Tuesday after a break of two-days to evict Bada Akhada Mutt of Pancha Ramanandia sect established in the town in 1402.

As the eviction drive faced opposition, Puri Collector Balwant Singh invited Bada Akhada Mutt chief Harinarayan Das for a discussion and later announced about suspending the eviction process till discussion with all the stakeholders.

The administration had launched the eviction drive on August 19 in the area within 75 meters from the temple boundary wall for the sake of the safety and security of the 12th century shrine.

Earlier, the district administration has evicted two mutts - Nanguli Mutt (300 years old) and Emar Mutt (900 years old).

While the administration completely razed Nanguli mutt, a portion of Emar Mutt still could not be demolished due to protest by the mutt chief.

Though all arrangements were put in place by deployment of 30 platoons (1 platoon comprises 30 personnel) and magistrate to undertake eviction of Bada Akhada mutt, the team had to halt the eviction drive as chief of Bada Akhada mutt opposed the

Several monks from different mutts from within the state and outside Sadhusanth Samiti, an apex body of saints, has criticised the eviction drive. "The administration has been demolishing ancient buildings without consulting the mutt authorities," alleged Sankarananda Giri, the president of the committee. He said mutts are heritage and they should not face mindless demolition.

Kataki mutt head Bijay Ramanand Dash said, "The Mutt was never unsafe. The administration should let us know how it declared the mutt unsafe."

Meanwhile, opposition BJP and Congress strongly criticised the state government for evicting ancient mutts and demanded their preservation and conservation instead of demolition.

Congress lawmaker Suresh Routray, who met the monks at Bada Akhada mutt said: "We do not appreciate the government action. You cannot demolish the mutts linked with Shri Jagannath Temple."

He said announcement of rehabilitation and resettlement is not sufficient. "The affected people should be rehabilitated first before being evicted," he said.

CUTTACK, SEPT 3

THE Cuttack Municipal Corporation (CMC) has started constructing as many as 10 artificial ponds in and around the Millennium City to facilitate pollution-free immersion of Ganesh idols in three phases.

The sites where the civic body has initiated steps for construction of artificial ponds included Bhuasuni Gada, Kartikeswar Gada, Mata Matha, Dasa Tutha Ghata and Nehru Palli on the bank of river Mahanadi and at Devigada, Khannagar, Ghatkula, near Abhiram Matha in Nuapada and near Railway Bridge at Gopalpur on the bank of river Kathaiadi

Last year as many as 8 artificial ponds were constructed for immersion of about 1,260 Ganesh idols. However, with more clubs and youth associations taking interest in celebrating Ganesh Puja this year, the

civic body has decided to set up two more artificial ponds to facilitate immersion of the increased number of idols.

All the artificial immersion ponds

will be lined with thick polythene sheets to prevent the toxic water generated during the immersion from percolating and polluting the soil and water.

After immersion, the toxic water

will be treated with disinfectants and disposed off safely, said CMC Deputy Executive Engineer DR Tripathy adding that officials of CMC would be deployed at the sites to monitor the immersion process and carry out the operation.

The administration has decided to conduct immersion ceremony in three phases on September 8, 15 and 29 to avoid traffic congestions and also other complicacies in the city.

The Commissionerate Police has also issued guideline to use minimum sound during the procession for immersion of idols.

# Tata Steel becomes first Indian company to employ women engineers in all shifts in mines

PBD BUREAU

BHUBANESWAR, SEPT 3

PRIVATE steel manufacturer Tata Steel has added yet another feather in its pursuit of excellence in gender diversity by deploying women mining engineers at its Noamundi Iron mine in all the shifts. The company has recruited ten women officers from mining, electrical, mechanical and mineral processing engineering disciplines, according to a company release.

The release said the initiative is in line with the company's target of achieving 20 percent women officers in the workforce by 2025.

Earlier, Tata Steel had started two shifts at its Jamshedpur plant's shop floor for women employees on April 1, it added.

Fifty-two women employees were deployed at its coke plant and electrical repair shop floor in shifts 'A' and 'B' between 6 am and 10 pm through the

veek.
It said all norms stipu-

lated by Directorate General of Mines Safety (DGMS) are being adhered to.

The release said measures such as sanitary vending machines, canteens, rest rooms, female security guards, transportation and deployment of women in groups of not less than three in a shift are being put in place.

The statement said written consents have been taken from every woman prior to their posting in the mines.

In line with the company's target of having 20 per cent women officers in the workforce by 2025 and the recent modifications in the law, the human resource management division and the raw material division have undertaken an initiative

called 'Women @ Mines'.

"This initiative will focus on four aspects namely communication, amenities, recruitment of women: officers and non-

namely communication, amenities, recruitment of women: officers and non-officers, and Tejaswini 2.0. This follows the Central government's decision (vide Gazette notification dated January 29, 2019) to exempt the women employment in any mine above ground and in any mine below ground from the provisions of Section 46 of the Mines Act, 1952,"

the release said.

Tata Steel Vice
President (Raw Materials)
Arun Misra said, "We are
extremely happy to
deploy women in mines.
We respect uniqueness of
individuals to create a
diverse and inclusive
workforce by having
access to a wider talent
pool. We are enhancing
our facilities to recruit
more women in all sec-

tions of our mines."

"There is a clear business case for employing women in mines as it leads to generation of new innovative ideas and perspectives," added Misra.
