

MCL providing ALS Ambulance to DHH, Sambalpur
(31-05-2020)

MCL is providing Advance Life Support Ambulance to District Headquarter Hospital Sambalpur under its CSR initiative. It is an ICU enabled Ambulance equipped with advance life saving medical equipments including ventilator. It the much sought after need of Sambalpur district which will bridge the gap between the requirement and availability of Ambulance service with such high end instrumentation. ALS Ambulance will give a quantum boost to healthcare system of Sambalpur district in terms of preparedness of District Hospital in management of critical patients during covid and also post covid. Critical positive cases can be shifted to Bhubaneswar or any other advanced medical care centres. MCL is financing Rs 31.34 lakhs for this procurement. The initiative is seen as a classic case of a perfect coordination be between Govt authority and Corporate entity for the noble cause of community healthcare who have worked in cohesive manner to get the sanctions and roll out the project in a span of just two days.
