

## Connecting the opportunities: Road Infrastructure in Angul district

(08-08-2020)

Road communication plays a crucial role in promoting economic, social and cultural development of a region. This is more so for rural areas where betterment of road linkage emerges as a focal component of growth as it provides the much needed access to education, health, and connectivity from Farm to Mandi/Market.

MCL under its CSR has constructed a cement concrete approach road from Kukudanga village to Narayan Sevashram in Angul district. Kukudanga has a population of 4000. Sanctioned for Rs 12 lakh and executed by Jagannath Area, the project got completed in 2019-20.

Under the thematic area 'Samvardhan' MCL has made great strides in rural development in the last 3 years, by spending 51.83 Cr which majorly include community centres, water supply, mega water treatment & piped supply schemes and rejuvenation of water bodies.
