CORRIGENDUM

Sub: Corrigendum in respect of clarification regarding Technical capability (clause no. 10.2.2 of the Bid document) w.r.t. e-tender for Setting up of Jagannath washery (10 Mty) uploaded vide tender reference no. MCL/SAMB/Washery/15-16/02 dated 15/06/2015.

With reference to the tender notice no. MCL/SAMB/Washery/15-16/02 dated 15/06/2015, a corrigendum with respect to Technical Capability of the Bidder (i.e. clause 10.2.2 of the Bid document) is given below:

10.2.2.1 ‘SET UP’ QUALIFICATION REQUIREMENT

Bidder should have set up (from November 2004 i.e. the starting period as per CRFQ of Oct’2011 to the last day of month previous to the one in which bid is invited) Coal Washery / Ore Beneficiation Plant, at least of capacity 2.5 Mtpa based on Jig / Heavy Media Separation (Bath/Drum / Cyclone or combination thereof) and Flotation or Spiral or Both Flotation and Spiral or None (for fine coal recovery) technology.

Accordingly, in the TPS the option “Both Flotation and Spiral” is to be considered as “Both Flotation and Spiral as well as NONE”.

10.2.2.2 ‘OPERATING’ QUALIFICATION REQUIREMENT

Bidder should have minimum two (2) years’ experience of operating the single Coal Washery/Ore Beneficiation Plant (from November 2004 i.e. the starting period as per CRFQ of Oct’2011 to the last day of month previous to the one in which bid is invited) that processed at least 2.5 Mtpa of raw coal / ore in one year based on Jig/ Heavy Media Separation (Bath/ Drum / Cyclone or combination thereof) and Flotation or Spiral or both Flotation and Spiral or None (for fine coal recovery) technology.

Accordingly, in the TPS the option “Both Flotation and Spiral” is to be considered as “Both Flotation and Spiral as well as NONE”.

All other terms and conditions of the tender document will remain unchanged.
